# Arfordir gwylt

ble i fynd, beth i'w wybod

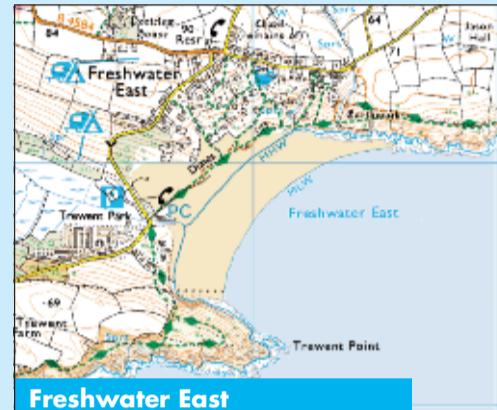

Parc Cenedlaethol Arfordir Penfro  
Pembrokeshire Coast National Park

Cer allan am dro ar Lwybr yr Arfordir ac fe gei di fwy nag awyr iach y môr a golygfeydd godidog am dy drafferth. Mae yna lond lle o fywyd gwylt i'w weld hefyd. Felly, cofia gadw dy lygaid yn agored am chwilog yn troedio ar draws y llwybr, brain coesgoch yn hedfan dros y clogwyni a phili-palaod yn gwibio heibio'n hamddenol. Edrych allan at y môr i weld morlo'inofio, huganod yn plymio neu lamhidydd yn rholio trwy'r tonnau.

Go out for a walk on the Coast Path and you'll be rewarded with more than fresh sea air and stunning views. There's lots of wildlife to see too. So keep an eye out for beetles trundling across the path, croughs swooping above the cliffs and butterflies flitting past. Look out to sea to spot seals swimming, gannets diving or a porpoise rolling through the waves.

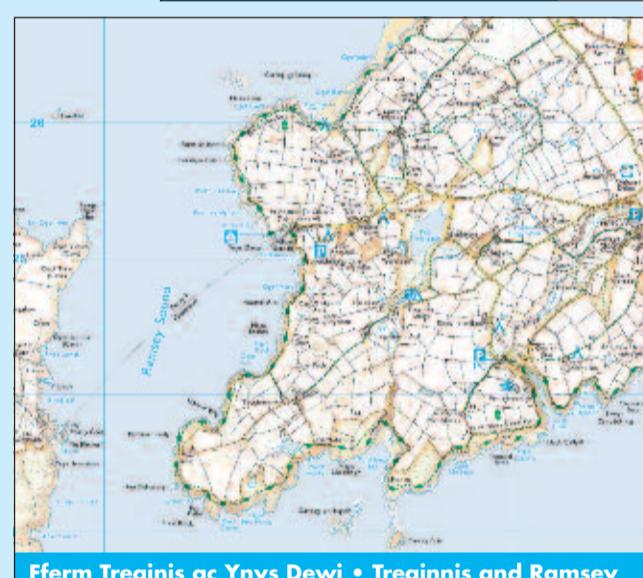

## Ble a Phryd

Yn ystod y gwanwyn a'r haf, mae blodau gwylt llwgar yn tyfu ar y llethrâu heulog ar hyd y morlin. Misoedd cynnes yr haf sydd orau i'r pili-palaod. Mae Llwybr Arfordir Sir Benfro'n ymdroelli am 186 milltir o amgylch arfordir Penfro. Mae'r arfordir a'r bywyd morol o amgylch Sir Benfro wedi'u hamddiffyn. Yn yr hydref, cadwch eich llygaid ar agar am forlo'i a'u llo'i bach ar draethau diarffordd.

## Where and When

The Pembrokeshire Coast Path stretches 186 miles around the Pembrokeshire coast. In spring and summer, colourful wildflowers grow on the sunny slopes along the coastline. The warm summer months are best for butterflies. In autumn look out for seals and their pups on secluded beaches.

## Natur yn dom-inyddu

Mae ceffylau llwglyd yn ein helpu i ofalu am y llethrâu ar yr arfordir, fel bod chwilog, adar, gwenyn a phili-palaod yn gallu ffynnu yno.

## Ceffylau Horses

Mae ceffylau wrth eu bodd yn bwtya llawer o'r borfa, ond dydyn nhw ddim yn bwtya cymaint o flodau gwylt. Trwy fwya porfa'n bennaf, mae ceffylau'n gwneud lle i fwy o flodau gwylt dyfu. Wrth gwrs, mae hyn yn golygu bôd mwyn o neithdar ar gael i wenyn a phili-palaod.

Horses like to eat lots of grass but they don't eat wildflowers as much. By eating mostly grass, horses make room for more wildflowers to grow. This means more nectar for bees and butterflies.

## Chwilen dom Dung beetle

Mae chwilog dom yn bwtya'r dom ceffyl! Maen nhw'n rholio peli o dom i fwyo'r rhai bach sy'n byw mewn nythod o dan y ddaear.

## Jôc

Pa chwilen sy'n ennyn y mwyaf o chwilfrydedd? Y chwilen dom dom dom.

## Neighture conservation

Hungry horses help us look after the slopes on the coast so that beetles, birds, bees and butterflies can thrive there.

## Brân goesgoch Crough

Mae brain coesgoch yn bwtya chwilog bach. Maen nhw'n dod o hyd iddyn nhw trwy wthio'u pig coch, hir, i mewn i'r ddaear.

Croughs eat beetle grubs. They find them by poking their long red beaks into the ground.

## Bydd yn Ddiogel

- Cymer ofal ar y clogwyni a chadw i ffwrdd oddi wrth yr ymlyn.
- Cofia gadw at y llwybrau.
- Gwisga ddillad cynnes a dillad sy'n dal dŵr. Gwisga eli haul a het.
- Dewisa ddiwrnod mwyn, heb lawer o wynt.
- Gwisga esgidiau cryf gyda gafael da, sy'n cynnal dy bigyrnau.

## Be Safe

- Take care on the cliffs and keep away from the edge.
- Keep to the paths.
- Take warm clothes and waterproofs. Wear sunscreen and a hat.
- Choose a calm day with little wind.
- Wear strong footwear with a good grip and ankle support.
