

Pembrokeshire Coast National Park Replacement Local Development Plan

Focussed Changes Representation Form Guidance Notes

The Focussed Change document is based on the changes that have emerged from the Authority's recommendations following consideration of the representations received at deposit stage.

These Focussed Changes are subject to a formal public consultation from Friday 7 December until 4.30pm Friday 15 February 2019.

The proposed Focussed Changes document along with the supporting documents and a representation form are available to view on our website. You can also view the Focussed Changes document online at public libraries with accessible computers during normal opening times.

Comments made at this stage can only address these proposed Focussed Changes.

This is not an opportunity to add to previous representations, or to make new comments on parts of the deposit Local Development Plan not subject to change, as the Inspector will not consider any such new representations. The Authority will make a response to the representations on the Focussed Changes directly to the Inspectorate. They will be forwarded to the Inspector who will take these representations into account as part of the Examination process.

The Focussed Change document is accompanied by the following supporting documents:

- SA/SAE Addendum: Assessment of Focussed Changes
- HRA Addendum: Assessment of Focussed Changes
- Equality Impact Assessment of Focussed Changes

Representations relating to the proposed Focussed Changes document should be sent in writing and received by 4.30pm on Friday 15 February 2019 to:

Head of Park Direction
Pembrokeshire Coast National Park Authority
Llanion Park
Pembroke Dock
Pembrokeshire
SA72 6DY

Or sent to devplans@pembrokeshirecoast.org.uk
