

REPORT OF MONITORING OFFICER

SUBJECT: TRAINING DAY

In accordance with my usual practice, I intend to provide the Members of the Authority and Members of the Standards Committee with an update /refresher lecture on the latest Code of Conduct issues that have emerged. I intend to liaise with Administration and Democratic Services Manager to find a suitable time when both Members of the Authority and Members of the Standards Committee can all be in in the Headquarters building at the same time.

In the meantime I would welcome any suggestion members may have for topics they would like to have included in the session.

Members are asked to **NOTE** the contents of this report
