

REPORT OF PERFORMANCE AND COMPLIANCE CO-ORDINATOR

SUBJECT: CORPORATE PLAN 2020/21

Purpose of Report

To ask Members to comment on the draft Corporate Plan 2020/21.

Introduction/Background

Under the Local Government Measure, the National Park Authority is required to publish its Improvement Plan as soon as practical for the new financial year. The Well-being of Future Generations legislation requires public bodies to publish a plan showing how it will deliver towards the well-being goals and how it has applied the sustainable development principle in its work. At present it is not yet certain whether the Authority will be required to continue to comply with the Local Government Measure. Therefore, in order to reduce the need for duplication this draft corporate and resources plan is intended to fulfil the requirements of both pieces of legislation by developing the Authority's well-being objectives which can also be considered the improvement objectives.

The plan presented is still very much a draft plan. The final version of the corporate plan will be presented to Members for approval at the NPA on the first of April. A summary version of the Plan will also be produced. Officers across the Authority have been involved in the development of the Plan through engagement meetings and will have a further opportunity to comment on the Plan before its final approval. A session was held with the senior management team to review actions identified by officers during the engagement meetings. A number of performance measures and milestones are highlighted in yellow this relates to areas that are currently being reviewed or further clarification is needed.

In December 2019 the National Park Authority approved a new National Park Management Plan 2020-24. To assist in integrating delivery of National Park Management Plan impacts with corporate planning, 3 key priority impact areas have been identified that work streams delivering against the Authority's well-being objectives will also contribute too during 2020/21:

- Responding to the Climate Change Emergency
- Responding to Biodiversity Loss
- Coast Path at 50: Landscapes for Everyone.

The choice of these three priority areas for 2020/21 reflects that:

- The interim NRW report on the State of Natural Resources highlights that biodiversity loss and climate change are interconnected global challenges. The Authority using its past experience, current ambition and staff skills and knowledge is well placed to respond to these challenges.
- 2020 is the 50th anniversary of the Coast Path and provides an opportunity to celebrate how this achievement has opened up opportunities for more people to experience the Park's Landscape. It also enables the Authority to look to the future to further develop other opportunities in the Park that help more people to access and benefit from its Special Qualities.

Members are invited to approve the approach and comment on the content. In particular Members are asked to share any views they have on the following:

- What they view as the priority actions or areas for improvement for the Authority.
- Do they feel that the five ways of working under the Well-being of Future Generations Act (Long term, preventative, integration, collaboration, involvement) have been sufficiently considered within the Plan.

Financial considerations

All projects indicated in the Corporate Plan will be subject to the approved budget.

Risk considerations

No additional risks are involved.

Compliance

Authority is required to comply with Local Government Measure and the Well-being of Future Generations Act.

Human Rights/Equality issues

Activities to support delivery of Strategic Equality Plan have been included within the draft Corporate Plan. An equality impact assessment is being carried out on the Plan.

Biodiversity implications/Sustainability appraisal

Key documents such as the State of Natural Resources Report (SoNaRR), Sustainable Management of Natural Resources, Welsh Government Natural Resources Policy and the Pembrokeshire Well-being Assessment and Plan provide an evidence base and policy direction to inform the work of the Authority for the duration of this plan and contribute towards developing a locally-tailored approach to improve the resilience of the National Park. Area Statements in the future will also influence the work of the Authority.

The Corporate Plan takes into account and references the biodiversity and resilience of ecosystems duty under the Environment (Wales) Act 2016 and considers the nine principles of sustainable management of natural resources under the Act.

Welsh Language statement

The approved document will be translated and published on the Authority's website. Activities to support delivery of the Authority's Welsh Language Strategy have been included within the draft Corporate Plan

Recommendation

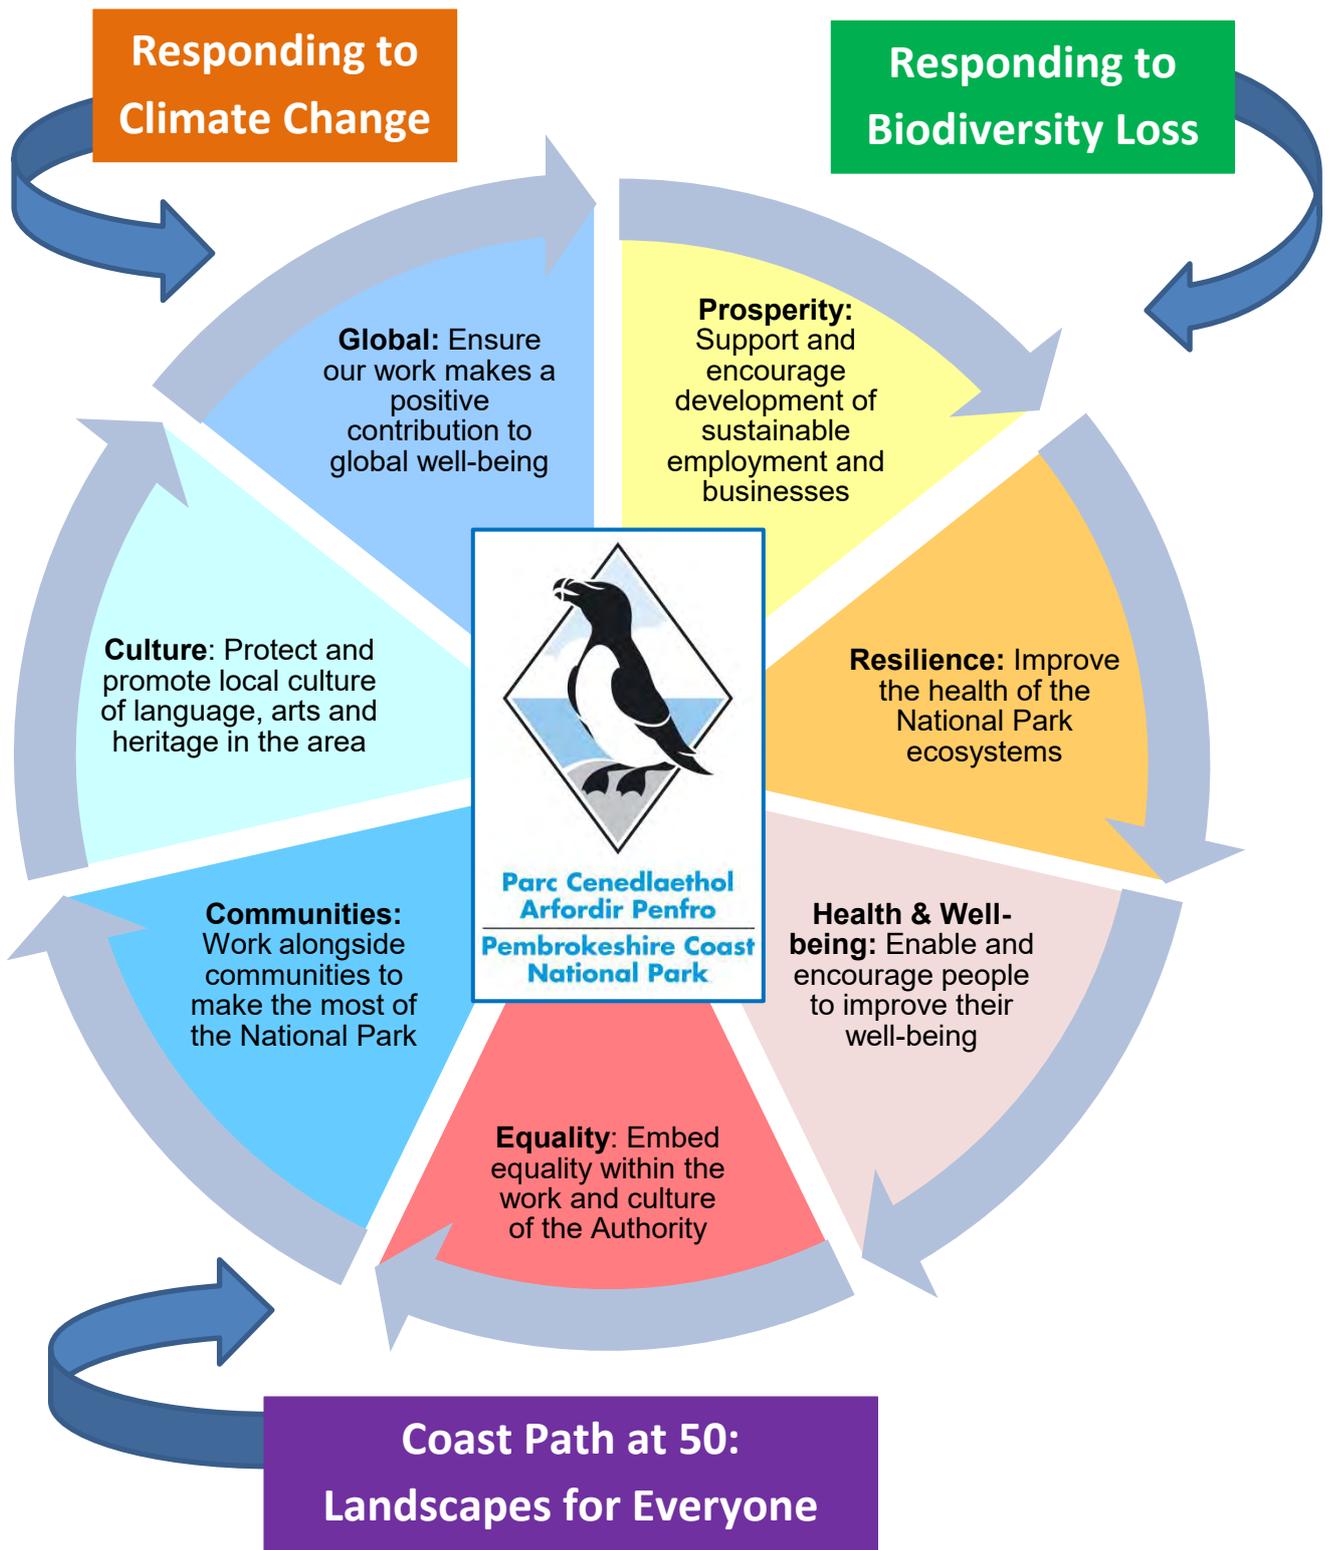

Members **COMMENT** ON the draft Corporate Plan 2020/21.

Introduction – Corporate and Resources Plan

The three National Park Authorities in Wales have agreed to work to a common format of an annual Corporate and Resources Plan to meet the requirements of both **the Local Government (Wales) Measure 2009** and **The Well-being of Future Generations (Wales) Act 2015**. This document acts as our Annual Improvement Plan part 1 and sets out our Well-being Objectives and aligned work programme for 2019/20. The Well-being of Future Generations Act requires public bodies to act in accordance with the sustainable development principles and we have highlighted how these principles will be embedded in work carried out to achieve our objectives.

Each year the Authority commences its forward work planning and budget preparation cycle in October in order to approve a balanced budget by February 15th. The National Park Authorities face growing and sometimes conflicting demands to deliver conservation, public access, local employment and affordable housing, at a time when resources are being constrained.

In preparing this plan we have reviewed progress during previous years, had discussions with staff including a session with the senior management team, held a budget workshop for Members and considered any changes in legislation, policy and funding which might affect our work.

Needle Rock, Fishguard Bay

Pembrokeshire Coast National Park Authority

The Pembrokeshire Coast National Park Authority was created as a free standing special purpose local authority under the [1995 Environment Act \(the Act\)](#). The Authority consists of 18 Members, 12 nominated by Pembrokeshire County Council and six appointed by the Welsh Government.

Park Purposes and the National Park Management Plan

The [Environment Act 1995](#) specifies that the Purposes of a National Park Authority are

- ✓ **To conserve and enhance the natural beauty, wildlife and cultural heritage of the park area**
- ✓ **To promote opportunities for the understanding and enjoyment of the special qualities of the area by the public.**

The Act also states that in pursuing the above purposes the Authority has a duty to seek to foster the social and economic well-being of local communities.

Every five years the Authority is required to produce a National Park Management Plan which sets out how it would like to see the National Park managed, not just by the Authority itself, but by the other agencies and organisations whose activities might impact on the Park.

A new National Park Management Plan 2020-2024 was approved in December 2019. The revised National Park Management Plan takes into account the Well-being of Future Generations (Wales) Act 2015, the Environment (Wales) Act 2016 nine principles of sustainable management of natural resources (SMNR) and State of Natural Resources Report. The revised plan will guide the priorities of the Authority's annual Corporate and Resources Plan from 2020 onwards.

The Authority is the statutory planning authority for the National Park and is responsible for the preparation of the Local Development Plan. The Authority's revised Local Development Plan has been going through examination in 2019 with planned adoption in 2020.

Well-being Goals

This Corporate and Resources Plan is structured to take account of the requirements of the [Well-Being of Future Generations \(Wales\) Act 2015](#) with our objectives taking account of the following Welsh well-being goals under the Act:

| Goal | Description of the Goal |
|--|---|
| A prosperous Wales. | An innovative, productive and low carbon society which recognises the limits of the global environment and therefore uses resources efficiently and proportionately (including acting on climate change); and which develops a skilled and well-educated population in an economy which generates wealth and provides employment opportunities, allowing people to take advantage of the wealth generated through securing decent work. |
| A resilient Wales. | A nation which maintains and enhances a biodiverse natural environment with healthy functioning ecosystems that support social, economic and ecological resilience and the capacity to adapt to change (for example climate change). |
| A healthier Wales. | A society in which people’s physical and mental well-being is maximised and in which choices and behaviours that benefit future health are understood. |
| A more equal Wales. | A society that enables people to fulfil their potential no matter what their background or circumstances (including their socio economic background and circumstances). |
| A Wales of cohesive communities | Attractive, viable, safe and well connected communities. |
| A Wales of vibrant culture and thriving Welsh language. | A society that promotes and protects culture, heritage and the Welsh language, and which encourages people to participate in the arts, and sports and recreation. |
| A globally responsible Wales. | A nation which, when doing anything to improve the economic, social, environmental and cultural well-being of Wales, takes account of whether doing such a thing may make a positive contribution to global well-being. |

PCNPA Well-being Statement and Objectives

The Authority has seven Well-being Objectives which contribute to the Well-being Goals and also form our improvement objectives for the next year under the Local Government Measure.

No changes have been made to the objectives, however the Authority will look to review its objectives during 2019/20. Three National Park Management Plan Impact campaigns have been identified for this year they are Responding to Climate Change, Responding to Biodiversity Loss and Coast Path at 50. Activities supporting

these impact areas align with our current well-being objectives, activities under work streams that support their delivery and the Welsh Well-being Goals.

The Well-being Assessment and Well-being Plan for Pembrokeshire, State of Natural Resources Report (SoNaRR), Sustainable Management of Natural Resources (SMNR) and Welsh Government priorities in the Valued and Resilient Written Statement, Prosperity for All: A Climate Conscious Wales provide an evidence base and policy direction to inform the work of the Authority for the duration of this plan. In the future Area Statements, the Pembrokeshire Environmental and Climate Change Risk Assessment and SoNaRR 2 will also influence the work of the Authority.

| PCNPA Well-being Objectives | How we contribute to Welsh Well-being Goals |
|---|---|
| Prosperity: To encourage and support the development of sustainable employment and businesses, particularly in tourism & recreation. | <ul style="list-style-type: none"> ✓ 'Prosperous Wales' – Through promotion of sustainable businesses and supporting tourism industry by working to extend the traditional tourism season and maintaining a key tourist and recreational asset in the Park, the Coast Path. ✓ 'Resilient Wales' – Through supporting sustainable tourism and recreational management in the Park. ✓ 'Healthier Wales' – Through maintaining and promoting Public Rights of way helping engage more people in walking and related activities. |
| Resilience: To improve the health of the National Park's ecosystems. | <ul style="list-style-type: none"> ✓ 'Resilient Wales' – Through contributing to improving the health of Wales ecosystem and seeking to address the issue of biodiversity loss in the Park. ✓ 'Globally Responsible Wales' – Through activities that respond to biodiversity loss that also support the interconnected challenge of responding to climate change. ✓ 'Wales of Cohesive Communities' – Through providing opportunities for people to get involved in looking after the Park's ecosystem. |
| Health and Well-being: To enable and encourage more people to improve their well-being by making a greater use of the National Park regardless of their circumstances. | <ul style="list-style-type: none"> ✓ 'Healthier Wales', 'More Equal Wales,' 'Wales of Cohesive Communities.' - Through promoting more regular use of the outdoors, outdoor experiences for children, encouraging volunteers and removing barriers to access this objective will have positive benefits for people's physical and mental well-being and help address issues such as social isolation. |
| Equality: To continue to ensure equality is embedded within the work and culture of the National Park Authority | <ul style="list-style-type: none"> ✓ 'More Equal Wales,' Healthier Wales', 'More Equal Wales,' 'Wales of Cohesive Communities.' - Through working towards achieving our long term aims in the Authority's Equality Plan and breaking down barriers to accessing opportunities in the Park the Authority will support these goals. |
| Community: To work | <ul style="list-style-type: none"> ✓ 'Resilient Wales,' and 'Wales of Vibrant Culture' – |

| | |
|---|---|
| <p>alongside communities to help them make the most of the National Park.</p> | <p>Through actively engaging communities, communities of interest such as landowners and local groups, volunteers in activities that support Welsh ecosystems and heritage.</p> <ul style="list-style-type: none"> ✓ ‘Wales of Cohesive Communities.’ – Through promoting opportunities for people to come together in the Park that also helps reduce social isolation. ✓ ‘Globally Responsible Wales’ – Through assisting communities to develop projects that respond to the climate change emergency by refocusing the focus of the SDF fund. |
| <p>Culture: To protect and promote the local culture of language, arts and heritage of the area.</p> | <ul style="list-style-type: none"> ✓ ‘Wales of Vibrant Culture and Thriving Welsh Language.’ – Through supporting activities that promotes and protects culture, heritage and the Welsh language, and seeks to engage more people in these activities. ✓ ‘Wales of Cohesive Communities and a ‘Resilient Wales.’ – Through engaging communities and volunteers in looking after heritage sites. |
| <p>Global: To ensure our work makes a positive contribution to global well-being.</p> | <ul style="list-style-type: none"> ✓ ‘Globally Responsible Wales’- Through responding to the global challenge of the Climate Change emergency, while also engaging people with nature, outdoors and heritage to be inspired to look after and learn about the world around them. ✓ ‘Resilient Wales,’ ‘Prosperous Wales,’ ‘Healthier Wales’ – Activities that respond to the Climate Change emergency will also due to their interlinked nature contribute to these goals. |

Sustainable Development Principles in our Work

The Well-being of Future Generations (Wales) Act 2015 requires public bodies to act in accordance with the sustainable development principles:

| | |
|--------------|---------------|
| Long Term | Collaboration |
| Preventative | Involvement |
| Integration | |

Under each objective there are activities which demonstrate how these principles are being applied in the way the Authority works. Utilising the Future Generations Commissioners’ Journey Checkers has enabled the Authority to assess its performance against its objectives against the five ways of working.

In Appendix 2 there is a matrix cross referencing different work streams against the Welsh Well-being Goals and the 5 ways of working under the Well-being of Future Generations Act.

Sustainable Management of Natural Resources and Section 6 Duty

The [Environment \(Wales\) Act 2016](#) identifies nine simple principles of sustainable management of natural resources which need to underpin the way the Authority works. These are:

| | |
|--|------------|
| Adaptable | Evidence |
| Scale | Long Term |
| Working Together | Prevention |
| Engaging with the Public | Resilience |
| Understanding all the benefits we receive from our natural resources | |

The Authority is also required under [The Environment \(Wales\) Act 2016](#) to take account of the biodiversity and resilience of ecosystems duty under the Act. Activities within work streams aimed at delivering on our Well-being Objectives in particular resilience and global objectives help integrate the Section 6 duty in our work. You will S6 noted against these activities or relevant measures.

Welsh Government Priorities – Valued and Resilient

In July 2018 the Welsh Government set out its key priority areas for Areas of Outstanding Natural Beauty and National Parks in its [Designated Landscapes: Valued and Resilient written statement](#). The Authority’s Corporate and Resources Plan for 2020/21 takes into account the 10 priorities identified within the Statement.

| | |
|--|--|
| Landscapes for Everyone | Growing tourism and outdoor recreation |
| Exemplars of the sustainable management of natural resources | Thriving Welsh Language |
| Halting the loss of biodiversity | All landscapes matter |
| Green energy and decarbonisation | Delivering through collaboration |
| Realising the economic potential of landscapes | Innovation through resourcing |

Through delivering on the above priorities the Authority will contribute to the Welsh Government’s wider goals as outlined in the Programme for Government ‘[Taking Wales Forward](#)’ and ‘[Prosperity for All: the national strategy](#).’

It will also contribute to wider policy agendas including:

- ➔ [Prosperity for All: a Low Carbon Wales](#)
- ➔ [Welsh Government Strategy: A Healthier Wales: our Plan for Health and Social Care](#)
- ➔ “Successful Futures” the [new National Curriculum for Wales](#)
- ➔ [Light Springs through the Dark: A Vision for Culture in Wales](#)
- ➔ [Planning Policy Wales](#)
- ➔ [Sustainable Management of Natural Resources \(SMNR\)](#)

Well-being Plan for Pembrokeshire Projects

A number of activities within work streams aimed at delivering on our Well-being Objectives contribute to wider projects within the [Well-being Plan for Pembrokeshire](#):

| | |
|---|--|
| Recruitment and Employment Transformation Framework | Environmental and Climate Change Risk Assessment |
| Carbon Neutral County | Doing Things Differently |
| Celebrating the Great Outdoors | Community Participation |
| Understanding our Communities | Meaningful Community Engagement |

Equality Plan

The Authority in 2019/20 reviewed its Strategic Equality Plan and Objectives. The Plan and objectives contribute to achieving four longer term aims in the following areas:

| | |
|---|---|
| The Park – A Landscape for Everyone | Our Services – Accessible and Inclusive |
| Our Workforce – Diverse, Supportive and Inclusive | Governance and Engagement – Increased Participation |

Activities and current priorities contributing to delivery of this plan and the Authority's Equality Objectives have been mainstreamed into work streams aimed at delivering our Well-being Objectives, particularly our objectives on prosperity, health and well-being and communities.

Welsh Language Strategy

The Authority has a Welsh Language Strategy 2017-2022. The vision for this strategy is to see the Welsh Language flourish in the Pembrokeshire Coast National Park and to see an increase of 1% of the Pembrokeshire Coast National Park's population who can speak Welsh by 2022. Activities and current priorities contributing to delivery of this strategy have been mainstreamed into work streams aimed at delivering our Well-being Objectives, in particular our objective on culture.

Funding

The Authority's net revenue expenditure for 2020/21 is determined by the Welsh Government, by allocating the annual National Park Grant and levy at £3,939,000. Authority generated income of about £1,776,000 is raised from planning fees, admissions, merchandise sales, car parks etc. A more detailed breakdown of the budget again the CIPFA codes for National Park Authorities is included as Appendix A.

2020/21 Budget Forecast

| Income | |
|----------------------------|--------------|
| | £000's |
| Welsh Government Grant | 2,954 |
| Local Authority Levy | 985 |
| Authority Generated Income | 1,776 |
| Transfer from Reserves | 1,010 |
| Bank Interest | 15 |
| Total | 6,740 |

| Expenditure | | |
|--|-------------------|------------|
| PCNPA Well-being Objective | Resource (£000's) | |
| To encourage and support the development of sustainable employment and businesses | 1,257 | 18% |
| To improve the health of the National Park's ecosystems | 1,128 | 17% |
| To enable and encourage more people to improve their well-being by making a greater use of the National Park regardless of their circumstances | 983 | 15% |
| To continue to ensure equality is embedded within the work and culture of the NPA | 736 | 11% |
| To Work alongside communities to help them make the most of the NPA | 749 | 11% |
| To protect and promote the local culture of language, arts and heritage of the area | 1,136 | 17% |
| To ensure our work makes a positive contribution to global well-being. | 751 | 11% |
| Total | 6,740 | 100 |

PCNPA - Work streams Across Well-being Objectives for 2020/21

| Prosperity | Resilience | Health & Well-being | Equality | Community | Culture | Global | Governance/ Financial | Support Services |
|--|--|---|--|--|---|---|---|--|
| Planning Policy & Planning Service | Conservation Land Management Service | Supported Walking Opportunities | Strategic Equality – Our Workforce | Engagement: Ongoing conversation about NPMP | Historic Inspiration & Experiences | Responding to Climate Change Emergency | Long Term Planning & Project Prioritisation | Finance HR Democratic Services |
| Maintaining PROW a Key Tourist Asset | Biodiversity & Connectivity Projects | Promoting Health Benefits of the Park | Strategic Equality – Our Services | Community Activities & Projects benefiting the Park & People | Art Inspiration & Engagement | Special Qualities - Inspiration & Education | Fundraising & Income Generation | IT Communications Customer Services |
| Sustainable Tourism & Recreation: Management & Promotion | Engagement & Volunteering in looking after the Park's Ecosystems | Health and Well-being: Initiatives & Projects | Landscapes for Everyone: Social Inclusion | Planning Service: Enforcement and Community Engagement | Historic Environment - Historic Buildings & Community Archaeology | | Work Force Resilience and Development | External Fundraising Performance Property Administration |
| Tourism Engagement & New Audiences | Conservation Strategic Partnerships & Engagement | Outdoor Schools and Play | Landscapes for Everyone: Inclusive Experiences | Sustainable Development Fund | Heritage Partnership and Collaboration | | Improving how we work – Digital Approaches | |
| Supporting Local Business | Planning: SMNR & responding to biodiversity loss | Planning Affordable Housing | Engagement - Outreach, young people & volunteers | | Welsh Language Strategy | | Members Development | |
| Employment Transformation in Pembrokeshire | Looking after Trees in the Landscape | | | | | | Corporate Compliance & Standards | |
| | Marine & Foreshore Environment | | | | | | | |

National Park Management Plan Authority Impact Campaigns

To assist in integrating delivery of National Park Management Plan Impacts with Corporate Planning the Authority has identified 3 key impact areas that work streams delivering against its well-being objectives will also contribute too during 2020/21:

Responding to Climate Change

- Contribute to a low carbon economy for Wales and adapt to climate change
- Conserve and enhance soils and natural carbon storage

Responding to Biodiversity Loss

- Protect and improve biodiversity quality, extent and connectivity at scale.

Coast Path at 50: Landscapes for Everyone

- Provide and promote sustainable outdoor recreation opportunities for all.

The choice of these three priority areas for 2020/21 reflects that:

- ➔ The interim [NRW report on the State of Natural Resources](#) highlights that biodiversity loss and climate change are interconnected global challenges. The Authority using its past experience, current ambition and staff skills and knowledge is well placed to respond to these challenges.
- ➔ 2020 is the 50th anniversary of the Coast Path and provides an opportunity to celebrate how this achievement has opened up opportunities for more people to experience the Park's Landscape. It also enables the Authority to look to the future to further develop other opportunities in the Park that help more people to access and benefit from its Special Qualities.

Well-being Objective Prosperity: To encourage and support the development of sustainable employment and businesses, particularly in tourism and recreation.

Work Stream: Planning Policy and Planning Service

What we will do

Implementation of revised Local Development Plan and delivery of an effective planning service that supports a sustainable economy.

- ➔ The Authority's Local Development Plan 2 has been going through examination process during 2019/20. Adoption of the plan will influence the future direction of planning within the Park. Revised indicators for the Plan will help the Authority monitor impacts against this objective and National Park Management Plan impacts.
- ➔ At a national level the Welsh Government's National Development Framework is due to be published in September 2020 and Planning Policy Wales 10 has been revised to align with the Well-being of Future Generations Act.
- ➔ Alongside delivering against planning policy, providing an effective planning service will assist the Authority in supporting the development of sustainable businesses, communities and local economy.

| Priority Actions/ Projects | Milestones for 2020/21 |
|---|--|
| Ways of Working: Continue a programme of supplementary planning guidance following adoption of LDP2 | <ul style="list-style-type: none"> ✓ LDP2 approved ✓ Programme has commenced |

| Performance | 2017/18 Actual | 2018/19 Actual | 2019/20 Target | 2020/21 Target |

Impact

An efficient and effective planning service is in place, meeting and exceeding Welsh Government targets and supporting Welsh and local planning policy that contributes to sustainable local economy and communities.

The diagram features a blue arrow pointing right labeled 'NPMP'. To its right are three rounded rectangular boxes: an orange one labeled 'Climate Change', a green one labeled 'Biodiversity Loss', and a purple one labeled 'Landscapes for Everyone'.

Work Stream: Maintaining Public Rights of Way a Tourism Asset

What we will do

Continue to ensure that the Pembrokeshire Coast Path and Rights of Way (PROW) network remains a key tourist and recreational asset that benefits current and future generations and supports the local tourist economy.

- ➡ 2020 is the Coast Path’s 50th anniversary. The Authority plays an important role in ensuring the continued legacy of this key recreational asset within the Park, maintaining the path for benefit of future generations as a key visitor attraction. A continuing challenge to maintaining the coast path and inland rights of way is responding to the impact of coastal erosion and poor weather cycles on paths.
- ➡ The Authority’s Digital Park Project has been working to improve ‘back-office’ systems for Wardens and related teams, in areas such as work recording, data collection and scheduling through a digitisation and streamlining process.

| Priority Actions/ Projects | Milestones for 2020/21 |
|--|--|
| Ways of Working: Digital Park Project | <ul style="list-style-type: none"> ✓ Further digitising reporting ✓ Grading of Footpaths based on useage |
| Project: Development of new footpath links and circular walk creation | <ul style="list-style-type: none"> ✓ Progress made on new footpath link between Newport and Nevern, Llwybr Pwll Cornell ✓ Improvement of Public footpath at Moylegrove to form circuit walk from St Dogmaels via Moylegrove and Poppit Sands |
| Project: Increasing Resilience to Winter Storm Damage | <ul style="list-style-type: none"> ✓ Stabilisation and regrade stream junction onto the beach at Aberforest |

| | |
|--|--|
| | ✓ Proactive realignment of Coast Path at St Davids Head to make it more resilient to coastal erosion and preserve continuity of route. |
| Project: Coast Path at 50 Celebrations - Promotional Activities | ✓ Promotional activities for Coast Path at 50 carried out. |

Strategic Partnerships and Engagement contributing to this work stream

Strategic Partnership: Rights of Way Improvement Plan and Local Access Forum

Strategic Engagement: Participating in Access Legislation Forum

| Performance | 2017/18 Actual | 2018/19 Actual | 2019/20 Target | 2020/21 Target |
|--|----------------|----------------|----------------|----------------|
| Pembrokeshire Coast Path – Trip Advisor Overall Rating 1-5 | 5 (Green) | 5 (Green) | 5 | 5 |
| % of PROW open and accessible and meeting the quality standard | 85.81% (Green) | 86.31% (Green) | 85% | 85% |
| # concerns on PROW standards | N/A | 260 | Trend | Trend |

Other Data: Making a difference case studies. NRW Coast Path visitor survey.
Impact Maps.

Impact

High level of user satisfaction with Pembrokeshire Coast Path and inland rights of way that encourages repeat visits. Paths are kept opened and more people can access and enjoy circular routes.

Work Stream: Sustainable Tourism and Recreation Management and Promotion

What we will do

Work with others to take a strategic and sustainable approach to the promotion and management of the Park, hotspot locations within it and its special qualities as a tourist and recreation destination. Including supporting activities that help lengthen the traditional tourist season.

- ➡ 7,300 people are employed in the tourism sector in Pembrokeshire and almost 4,000,000 people visit Pembrokeshire each year¹ helping support the local

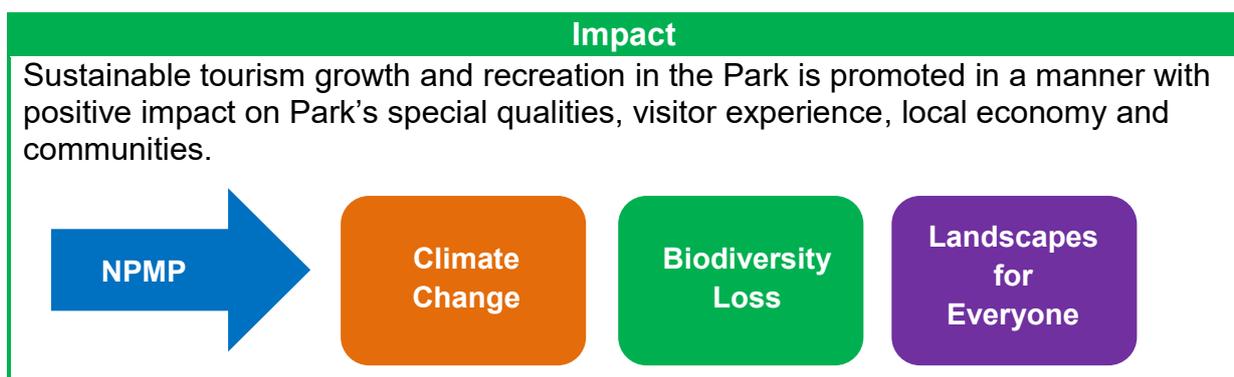

¹ Pembrokeshire PSB, Well-being assessment for Pembrokeshire, April 2017:
<https://www.pembrokeshire.gov.uk/public-services-board/well-being-assessment>

economy. One of the challenges for the Authority is ensuring that recreation and tourism growth in the Park is managed sustainably. One way of achieving this is to work with partners through destination management to identify opportunities that can assist in extending the traditional tourism season. Partnership working is also central to the Authority’s approach to recreation management and it is involved with the currently co-ordinates a “managing what we can do” document with partners and is part of the Pembrokeshire Water Safety Forum.

| Priority Actions/ Projects | Milestones for 2020/21 |
|---|---|
| Project: External Sustainable Events Research (S6) | ✓ Research completed by Swansea University ✓ Model recommended for use |
| Ways of Working: PCNPA Branding | ✓ PCNPA marketing refreshed to reflect revised branding |

| Strategic Partnerships: Supporting Destination Management Plan implementation and setting up of delivery organisation |
| Strategic Partnerships: Managing What We Can Document – Annual review with Partners (S6) |
| Strategic Partnerships: Pembrokeshire Water Safety Forum and mapping of coastal and Foreshore Incidents |
| Strategic Partnerships: Liaison with Recreational Groups and Pembrokeshire Coastal Forum (S6) |

| Performance | 2017/18 Actual | 2018/19 Actual | 2019/20 Target | 2020/21 Target |
|--|----------------|----------------|----------------|----------------|
| # filming enquiry requests | 68 | 65 | Trend | Trend |
| # filming enquiry licenses awarded | 14 | 14 | | |
| Other Data: Making a difference case studies. Impact Maps . | | | | |

Work Stream: Tourism Engagement and New Audiences

What we will do

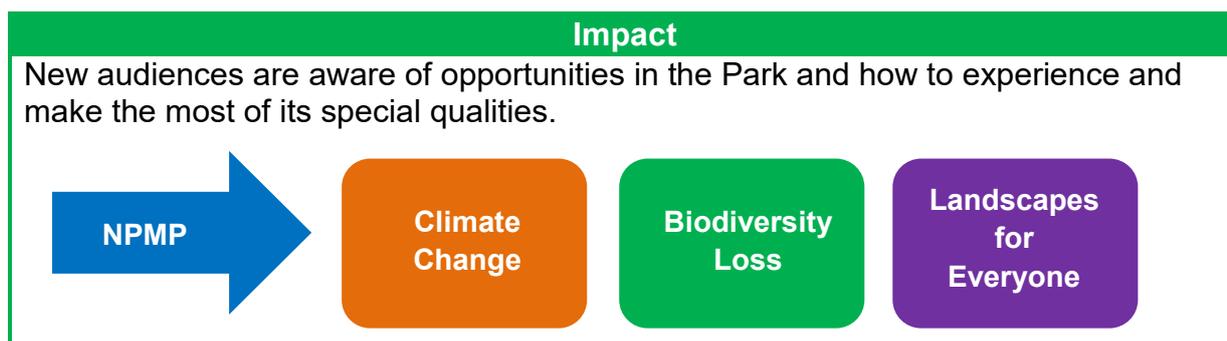

Facilitate reaching new audiences through Seasonal Summer Rangers, Celtic Routes Project, repositioning Oriel y Parc as a discovery centre and carrying out further engagement with local businesses.

- The interpretation strategy for the Park identified an opportunity to refresh the interpretation at Oriel y Parc and reposition the centre as a discovery centre for the Park. Activities to support this will be carried out in 2019/20 making the centre the gateway destination to find out more about the Park.
- Coast to Coast in its physical and app form continues to provide a guide to those visiting and living in the area and the Authority's new website will offer another opportunity for people to discover more about the Park. The Celtic Routes Interreg Partnership Project is increasing opportunities to engage with international visitor audiences
- The Summer Ranger service has helped the Authority to reach new audiences during the summer months particularly through pop up events at beaches. They have also helped improve our links with local businesses. Building on this, Parkwise resources and Wales Coast Path toolkits for businesses the Authority will look to develop resources and engagement activities that will support local businesses to engage visitors with the Park and its special Qualities.

| Priority Actions/ Projects | Milestones for 2020/21 |
|--|---|
| Project: Re positioning OYP as a Discovery Centre for the Park | <ul style="list-style-type: none"> ✓ Interpretation Plan in Place ✓ Refresh of some interpretation on site |

Work Stream: Supporting Local Businesses

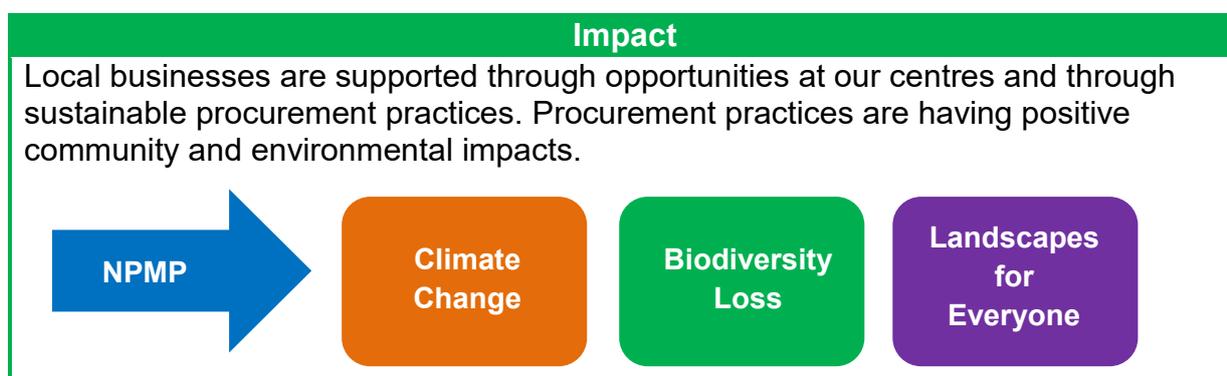

What we will do

Support local business through opportunities at our centres and through sustainable procurement practices.

- Through providing opportunities for stalls at fairs, crafts people to share their skills, artists to sell their work and stocking local and Welsh produce the Authority's Centres are helping support local businesses.
- Through reviewing its procurement processes the Authority will look at how it can help support local supply chains, promote sustainability and use community benefit opportunities. The Well-being of Future Generations Commissioner's [journey checker on a prosperous Wales](#) highlights opportunities on how to use procurement to encourage inclusive growth.

| Priority Actions/ Projects | Milestones for 2020/21 |
|---|---|
| Project: Really Wild Food Show at OYP | <ul style="list-style-type: none"> ✓ Marketing of stall holder opportunities ✓ Delivery and evaluation of event |
| Ways of Working: Review of procurement in the Authority, including community benefit options and sustainability practices (S6) | <ul style="list-style-type: none"> ✓ Project scoped and developed ✓ Funding secured ✓ Review carried out |

Work Stream: Employment Transformation in Pembrokeshire

What we will do

Promote skills development in Pembrokeshire through providing work placement and other opportunities.

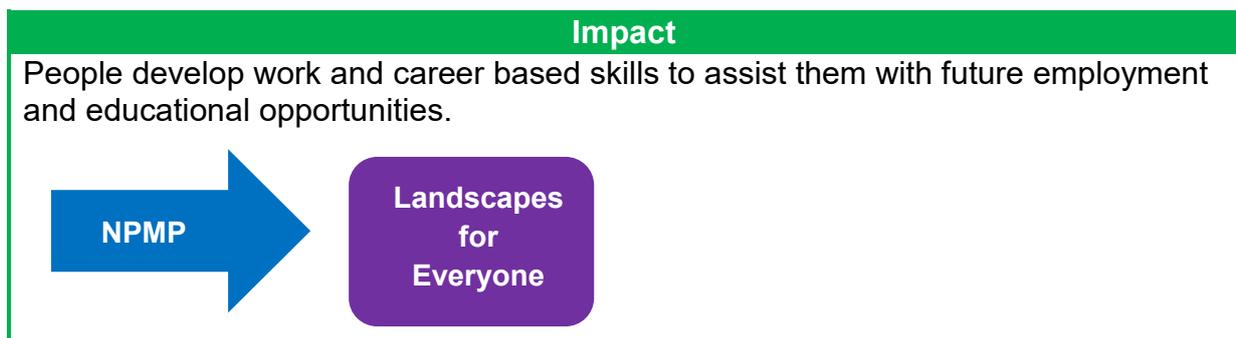

- ➡ The Authority will continue to engage with Pembrokeshire College and DWP Work Placement scheme as part of the Public Services Board's development of a Recruitment and Employment Transformation Framework to support people to work in Pembrokeshire.

- ➔ Alongside this it will continue to look at how it can develop skills and opportunities within the Authority. It will do this through expanding the nature of its volunteering opportunities and carrying out a feasibility study to inform the development of a replacement project for our previous successful skills in action project.

| Priority Actions/ Projects | Milestones for 2020/21 |
|---|---|
| Partnership Project: Pembrokeshire College Work Placement Scheme | <ul style="list-style-type: none"> ✓ Development of a range of work placement opportunities across the Authority ✓ Completion of work placements |
| Project Development: Feasibility Study to inform replacement project for Skills in Action including identifying potential Apprenticeship opportunities | <ul style="list-style-type: none"> ✓ Feasibility study complete |
| Ways of Working: Enhancing our volunteering opportunities – flexible and office and centre based opportunities | <ul style="list-style-type: none"> ✓ Range of Flexible volunteering option in place ✓ Range of volunteering opportunities available across centres and at Llanion |

Other Data: Making a difference case studies.

Well-being Objective Resilience: To improve the health of the National Park's Ecosystems

Work Stream: Conservation Land Management

What we will do

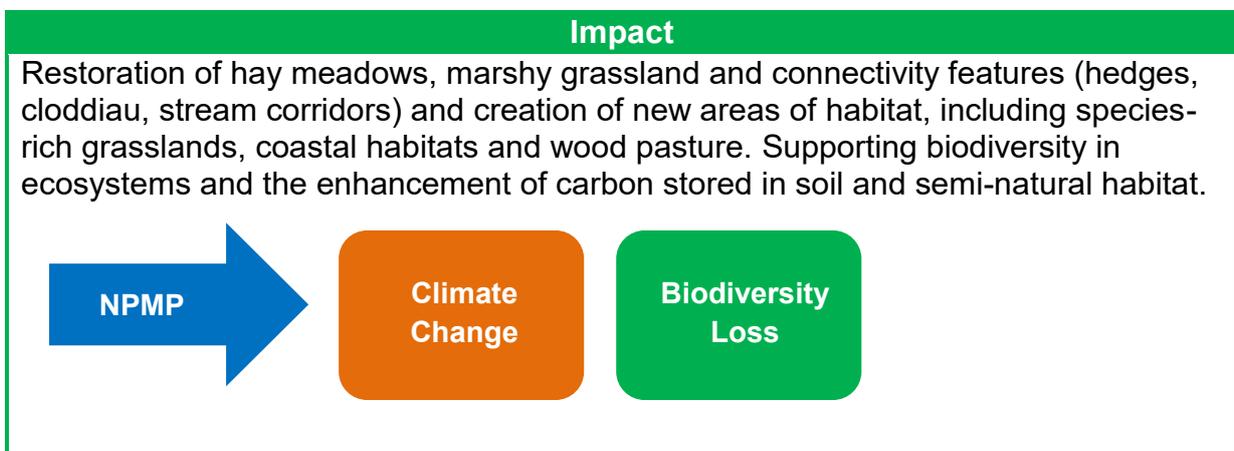

Continue to deliver and develop the Authority's Land Management activities through Conserving the Park scheme, activities on our owned or leased estate and engagement with dairy industry and farmers.

- ➔ The Welsh Government's First Minister has committed to an Environmental Growth Plan for Wales to halt and restore the decline in nature. Loss of Biodiversity is a key challenge that has been emphasised in the interim NRW State of Sustainable Natural Resources Report.
- ➔ As part of the Authority's land management programme, conservation work is carried out on over one hundred sites, a total of approximately 4,323 hectares 1 (7% of the National Park), aimed at benefitting priority habitats and species within the Park. This is achieved through the management of the Authority's owned or leased estate and also through working in partnership with private landowners with our 'Conserving the Park' scheme. The Authority has allocated additional resources to the scheme through the appointment of an additional Conservation Officer to increase capacity within the scheme. The dairy industry and farmers are key stakeholders in the National Park and the Authority will do more to engage with this sector.

| Priority Actions/ Projects | Milestones for 2020/21 |
|---|--|
| Engagement: Engagement activity with Dairy Industry/ Farmers (S6) | <ul style="list-style-type: none"> ✓ Connections made ✓ Scoping of potential project |
| Partnership Project: Engagement with Plant Life's Magnificent Meadows Project (S6) | <ul style="list-style-type: none"> ✓ Continued involvement with the project |

| Performance | 2017/18 Actual | 2018/19 Actual | 2019/20 Target | 2020/21 Target |

| Hectares – New pollinator habitat that has been created (S6) | 38 | 7 | Cumulative Impact | |
| Hectares - Invasive species removed at source/ injected (S6) | 43.95 | 57.31 | BM against 2018/19 | BM against 2020/21 |
| Other Data: Conservation Land Management and Historic Environment Report (Presented to Operational Review Committee). Impact Maps. (S6) | | | | |

Work Stream: Biodiversity and Connectivity Projects

What We will do

Develop and deliver projects that will further develop our approach to biodiversity and connectivity.

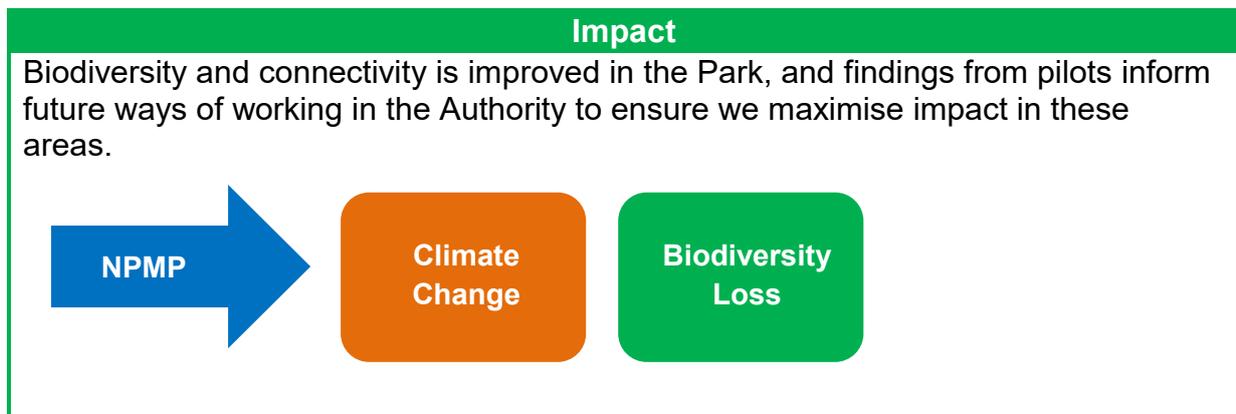

- ➡ The Paths, Plants and Pollinator Pilot project aims to improve the way the Coast Path is managed by placing a greater emphasis on maintaining and increasing biodiversity and connectivity. The pilot is being delivered by a Pollinator Warden and focuses on enhancing the biodiversity alongside the Newgale to Abereiddi section of the Pembrokeshire Coast Path. The outcome of this project will inform the future management of the Coast Path in terms of opportunities to enhance biodiversity and connectivity.
- ➡ Some of our traditional boundaries are under threat from inappropriate management and neglect. Without action we are facing the gradual loss of these features that provide a wildlife refuge, food source, breeding area and connectivity feature from the landscape. The Authority Traditional Boundaries

Corporate and Resource Plan: Well-being Objective - Resilience

pilot grant scheme within conserving the Park will pilot supporting land managers to undertake boundary management in accordance with agreed guidelines. A Traditional Boundaries survey is being commissioned to inform this work.

| Priority Actions/ Projects | Milestones for 2020/21 |
|--|--|
| Pilot Project: Paths, Plants and Pollinators Pilot Project (S6) | ✓ Project Milestones for 2020/21 achieved |
| Pilot Project: Traditional Boundaries Pilot (S6) | ✓ Grant scheme piloted |

Data: Making a difference case studies. Project evaluations. **Impact Maps.**

Work Stream: Engagement and Volunteering in looking after the Park's Ecosystems

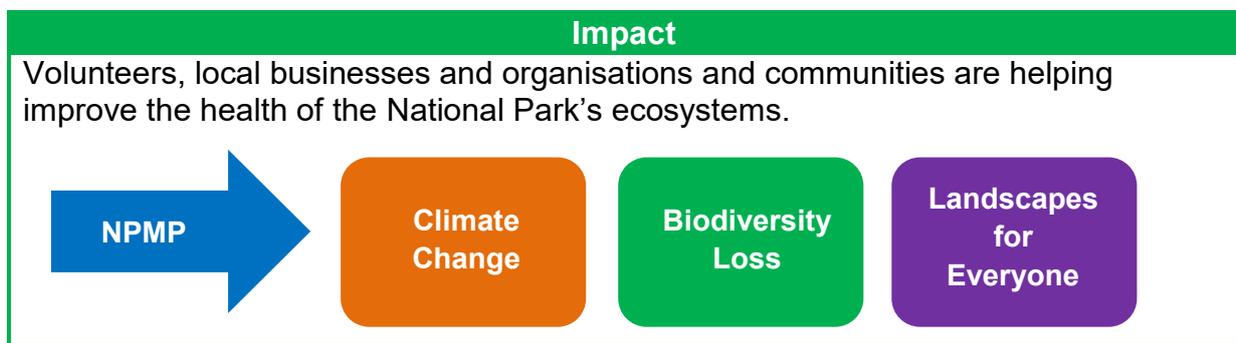

What We will do

Engage and work with volunteers, school pupils, third sector, tourism businesses, communities and visitors in actions that improve the health of National Park's ecosystems.

- ➡ Through providing volunteering and social action opportunities the Authority continues to assist people to carry out actions that improve the health of National Park's ecosystems. Projects and schemes such as the Voluntary Wardens, Youth Rangers, Pathways and Stich in Time have helped facilitate these opportunities.
- ➡ The Stich in Time project has secured ENRAW funding which will enable it to continue its work with communities in the Gwaun Valley and communities in other catchments to manage invasive species. The Authority is continuing to seek funding for phase two Naturally Connected project to assist local tourism businesses with conservation work.

| Priority Actions/ Projects | Milestones for 2020/21 |
|--|---|
| Project: Stitch in Time Project (S6) | ✓ Project Milestones for 2020/21 achieved |
| Project Development: Naturally Connected Project (S6) | ✓ Securing funding for project |

| # volunteer days – invasive species work | 109.89 | 169 | against 2018/19 | against 2019/20 |
| Other Data: Making a difference case studies. Project evaluations. Impact Maps. | | | | |

Work Stream: Conservation Strategic Partnerships and Engagement

What we will do

Contribute to partnership networks and assist them to deliver on action plans that support the Pembrokeshire Nature Recovery Plan. Contribute to opportunities to influence UK and Welsh policy on land management following withdrawal from the EU.

- ➔ Improving the condition of the Parks ecosystems cannot be done in isolation. The Authority continues to engage and support strategic partnerships that promote collaboration and integrated working including the Pembrokeshire Local Nature Partnership, Pembrokeshire Wildfire Group, Pembrokeshire Grazing Network and the Coastal Forum.
- ➔ The Authority will continue to identify and participate in opportunities to influence UK and Welsh policies on land management following withdrawal from the EU.

Strategic Partnerships and Engagement contributing to this work stream

Strategic Engagement: UK and Welsh Policy Engagement on Land Management following withdrawal from EU. (S6)

Strategic Partnerships: Participation with Pembrokeshire Nature Partnership and delivery of Pembrokeshire nature recovery plan (S6)

Strategic Partnerships: Participation with Pembrokeshire Grazing Network and Pembrokeshire Wildfire Group (S6)

Impact

Partnership approach is in place and joint initiatives are undertaken to assist communities, partners and stakeholders to improve eco systems and connectivity in the Park and deliver on priorities within the Pembrokeshire Nature Recovery Plan. Interests of the Park, Authority and its stakeholders are considered by Welsh and UK policy makers.

Work Stream: Planning - SMNR and responding to biodiversity loss

What we will do

Implement planning policy and utilise S6 duty to ensure sustainable development of natural resources and the protection and enhancement of the special qualities of the Park through planning service.

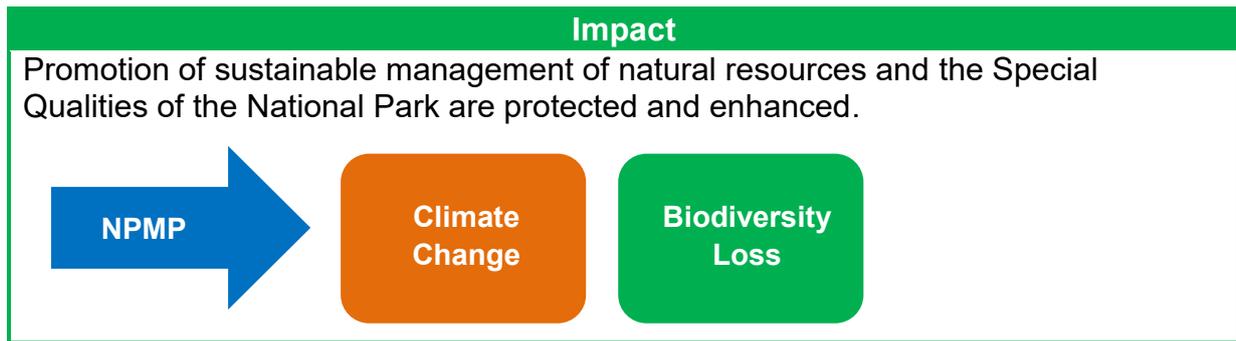

- ➔ Through the Local Development Plan Annual Monitoring Report we monitor the effectiveness of planning policy to ensure sustainable development of natural resources and the protection and enhancement of the special qualities of the Park. Since 2016/17 no approvals have been given contrary to Strategy Policy 8 Special Qualities. The Authority will continue to monitor impacts on special qualities through LDP2 indicators once adopted. The Authority is also looking to utilise the S6 duty under the Environment (Wales) Act 2018 in relation to placement of enhancements on planning applications.

| Priority Actions/ Projects | Milestones for 2020/21 |
|--|--|
| Ways of Working: S6 Duty – Biodiversity Enhancement conditions for planning applications (S6) | ✓ Enhancement conditions placed on planning applications |

Strategic Partnerships and Engagement contributing to this work stream

Strategic Partnerships: PCC and PCNPA joint Planning Ecologist (S6)

Data: Annual Local Development Plan Indicator on Special Qualities (First report period 2022/23).

Work Stream: Looking after Trees in the Landscape

What we will do

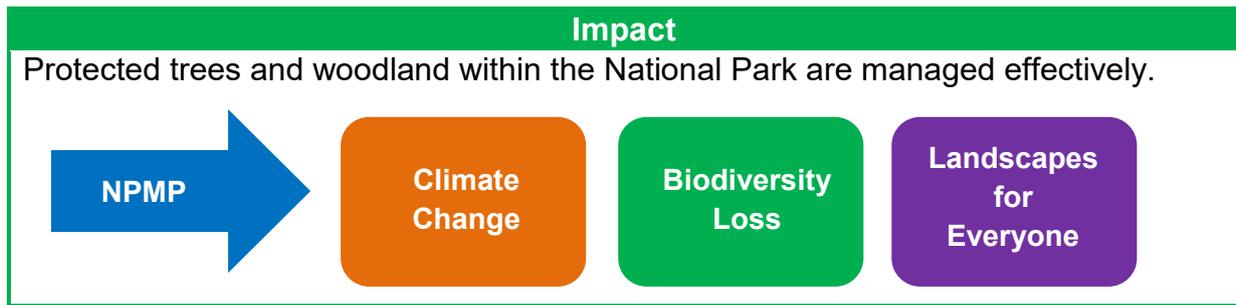

Continue to provide protected tree services, respond to ash dieback in the National Park and support tree related volunteering opportunities.

- Trees in the landscape play an important role in ecosystems in contributing to water and soil management, habitat provision and carbon stores. The Authority will continue its work on protected trees and engage volunteers in opportunities to look after trees including through its voluntary tree wardens.
- Tree diseases are having an impact on the trees in our landscape in particular Chalara Fraxinea/ ash dieback which is resulting in the loss of Ash a significant native tree. It is important that the Authority monitors and responds to this issue.

| Priority Actions/ Projects | Milestones for 2020/21 |
|--|--|
| Ways of Working: Responding to Ash Dieback in the Park Area | ✓ Ongoing monitoring and response in place |

| # of new tree preservation orders made | 3 | 9 | | |
| # volunteer days – contributing to tree planting | N/A | 65.5 | BM against 2018/19 | BM against 2019/20 |

Other Data: [Impact Maps.](#)

Work Stream: Marine and Foreshore Environment

What we will do

Work with strategic partners, visitors, volunteers and communities to carry out actions that help protect the Marine Environment and facilitate its use for enhancing carbon stores.

- As a coastal National Park the Authority recognises the importance of contributing to protecting the marine and foreshore environment. The Authority has continued to engage people in beach, foreshore and river cleaning activities in 2019/20.
- The Authority will continue to take a collaborative approach to its involvement in this area including engagement with the Relevant Authority Groups for the Pembrokeshire Marine Special Area of Conservation, Cardigan Bay Special Area of Conservation and Carmarthen Bay and Estuaries European Marine Sites. It will look to explore opportunities through these long established partnerships opportunities to develop projects that can support/ enhance carbon sequestration in the marine environment.

| Priority Actions/ Projects | Milestones for 2020/21 |
|--|--|
| Collaboration: The Authority will look to explore opportunities through partnerships to develop projects that can support/ enhance carbon sequestration in the marine environment | <ul style="list-style-type: none"> ✓ Connections made ✓ Opportunities identified |

Strategic Partnerships and Engagement contributing to this work stream

- Strategic Engagement:** Involvement with Foreshore Management Plan development and implementation.
- Strategic Partnerships:** Participation in Relevant Authority Groups for SAC areas
- Strategic Engagement:** Participation in Welsh Government Marine associate groups

| Performance | 2017/18 Actual | 2018/19 Actual | 2019/20 Target | 2020/21 Target |
|--|----------------|----------------|----------------|--------------------|
| # volunteer and social action days - beach cleaning activities | N/A | 975.5 | BM 2018/19 | BM against 2019/20 |
| Other Data: Making a difference case studies. | | | | |

Impact

Marine, foreshore and river environment improve through activities that help reduce marine litter and pollution. The Marine and foreshores' carbon stores are being enhanced and protected.

Welsh mountain ponies helping to keep coastal habitats open and rich in biodiversity.

Well-being Objective Health and Well-being: To enable and encourage more people to improve their well-being by making greater use of the National Park regardless of their circumstances.

Work Stream: Supported Walking Opportunities

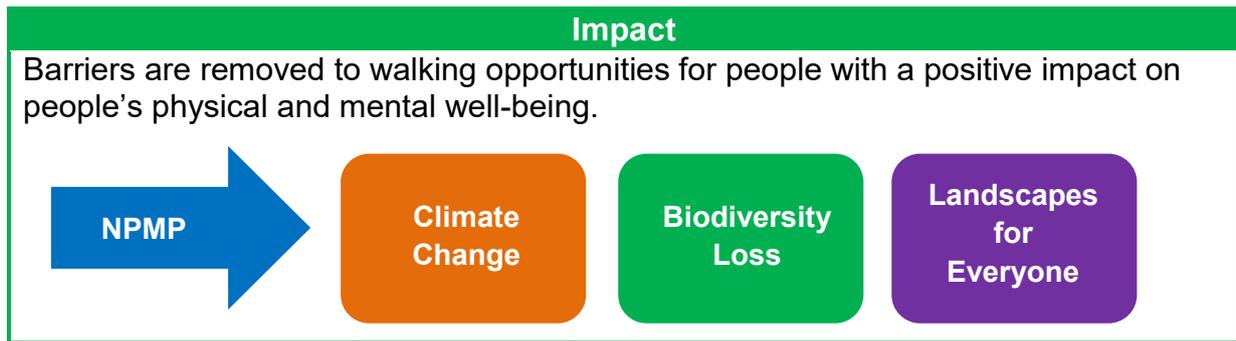

What we will do

Continue to offer supported walking opportunities in and around the Park through the Walkability scheme and further develop our approach through the West Wales Walking for Well-being project.

- ➔ Through the Walkability scheme the Authority provides tailored supported walking opportunities to help address people’s physical and mental health needs in a holistic way and remove barriers to accessing walking opportunities. This has included participants from health services exercise referral programmes. In 2020/21 the Authority will focus its walkability activities on its 3 core walkability groups.
- ➔ Following a successful regional bid with partners funding has been secured from the Welsh Government’s Healthy and Active fund for a three year regional West Wales Walking for Well-being project covering Pembrokeshire, Carmarthenshire and Ceredigion. The project focuses on developing health and well-being walks starting at and linked to GP hubs promoting supported walking opportunities as a form of social prescribing. In Pembrokeshire, where the Authority is the lead the aim is to develop 9 hubs over the 3 years. These activities support the wider preventative agenda promoted in the Welsh Government Strategy: A Healthier Wales: Our Plan for Health and Social Care and the aim is that through the Walking for Health Project a sustainable model can be developed that can be replicated in other areas across Wales.

| Priority Actions/ Projects | Milestones for 2020/21 |

Work Stream: Promoting Health Benefits of the Park

What we will do

Continue to develop health related strategic partnership opportunities and deliver activities that demonstrate and promote the health benefits of the Park.

- ➔ The Authority continues to recognise the importance of working with partners to demonstrate the positive impact access to the opportunities within National Parks can have on people’s health and well-being. The Authority is involved in Public Health Wales development of strategic framework for social and Green Solutions for health.
- ➔ The Authority continues to promote walking opportunities in the Park through its Walking directory and downloadable web walk maps on its website. The 50th anniversary of the Pembrokeshire Coast Path and associated programme of events offers an ideal opportunity to engage more people in using this health asset and benefiting from physical activity in the outdoors.

| Priority Actions/ Projects | Milestones for 2020/21 |
|--|---|
| Project: Coast Path 50 Celebration Activities – Health and Well-being linked activities | ✓ Activities for Coast Path at 50 carried out |

Strategic Partnerships and Engagement contributing to this work stream

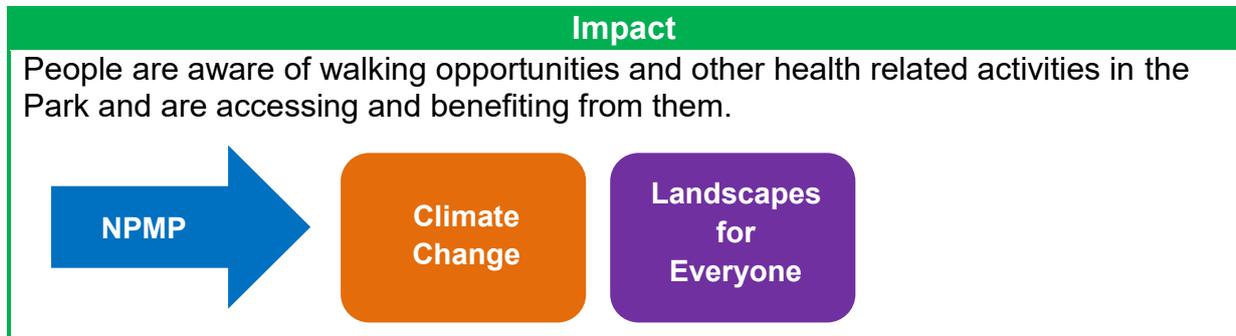

Strategic Engagement: Involvement with Public Health Wales development of strategic framework for social and Green Solutions for health.

Strategic Partnership: Involvement with the West Wales Nature Based Health Service Network.

| Performance | 2017/18 Actual | 2018/19 Actual | 2019/20 Target | 2020/21 Target |
|--|----------------|----------------|----------------|----------------|
| # of web walks downloaded | 35,253 | 43,018 | Trend | Trend |
| # of people using footpath (from fixed counters) | 173,441 | 169,837 | | |

Well-being Objective – Health and Well-being

| | | | | |
|---|-------|-------|--------------------|--------------------|
| # participants in walks led by rangers, centre staff and volunteers | 2,853 | 2,732 | BM against 2018/19 | BM against 2019/20 |
| Other Data: Making a difference case studies. | | | | |

Work Stream: Health and Well-being Projects and Initiatives

What we will do

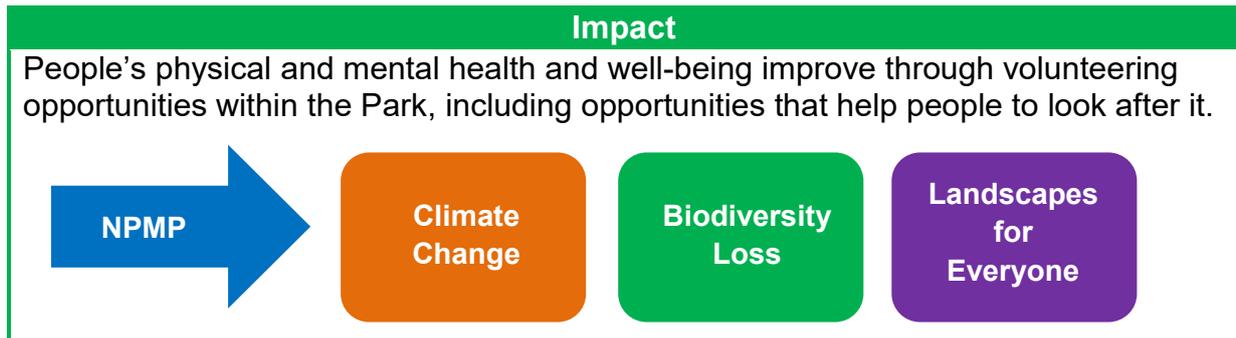

Promote well-being for people of all ages through developing, delivering and evaluating initiatives that focus on improving mental and physical health and address social isolation, particularly through volunteering.

- ➔ The Pembrokeshire Well-being Assessment identified a range of well-being challenges facing people across the age course in the County. The Authority is well placed to utilise the natural environment, cultural and heritage opportunities of the Park and work in partnership with others to develop schemes and projects that can help address these well-being challenges.
- ➔ Volunteering can provide a positive activity that can benefit people's physical and mental well-being. The Authority has been improving its volunteer offer in 2019/20 through taking a more co-ordinated approach and creating new volunteering opportunities. The Authority is delivering Pathways a Welsh Government funded project that aims to remove barriers to accessing the outdoors and provide supported volunteering opportunities. The project is being evaluated to assess the health and well-being impacts on participants. Engagement and evidence from its evaluation will help inform the development of a potential follow up project.

| Priority Actions/ Projects | Milestones for 2020/21 |
|---|---|
| Project: Delivery and evaluation of Pathways | ✓ Project evaluation carried out |
| Project Development: Development of a follow on project for Pathways | ✓ Scoping and project development ✓ Funding options explored |

Well-being Objective – Health and Well-being

| Performance | 2017/18 Actual | 2018/19 Actual | 2019/20 Target | 2020/21 Target |
|--|----------------|----------------|--------------------|--------------------|
| # volunteer days | 2,155.9 | 2,197.5 | BM against 2018/19 | BM against 2019/20 |
| # participants in volunteering and social action sessions involving physical activity | N/A | N/A | Baseline Data | |
| Other Data: Project Evaluations. Making a difference case studies. Feedback from volunteer forum. | | | | |

Work Stream: Outdoor School and Play

What we will do

Provide pre-school children, school children and young people with the opportunity to benefit from outdoor education and play. Empower schools to engage pupils in outdoor education sessions.

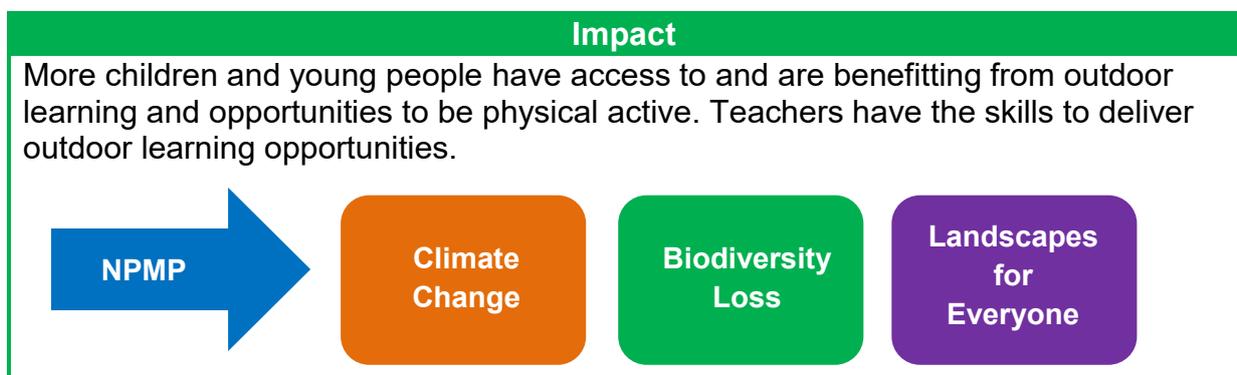

- ➔ The Well-being Plan for Pembrokeshire highlights under 'Celebrating the great outdoors' the need to provide increased opportunities for young people to use the outdoors as a learning environment, particularly for young people in the County with limited access. Access to the outdoors can provide an inspirational learning environment and have positive mental and physical health benefits for children.
- ➔ The two year Pembrokeshire Outdoors Schools project aims to support local schools in integrating new opportunities for outdoor learning with the requirements of the new National Curriculum for Wales. Activities will include a programme of collaborative workshops (Professional Learning Communities PLC's) with teachers and outdoor learning practitioners, sessions for pupils showcasing new approaches to learning outdoors and provide bespoke (INSET) training for teachers at settings in and around the National Park.

Well-being Objective – Health and Well-being

- ➔ Pembrokeshire Coast National Park Trust has secured funding from South Hook LNG for a Roots project aimed at exploring natural produce in rural communities. The Project is being delivered by the Authority’s Education Officer and aims to work with five Pembrokeshire junior schools exploring natural produce and food chains within the context of Pembrokeshire’s agricultural, coastal and rural communities.

| Priority Actions/ Projects | Milestones for 2020/21 |
|--|---|
| Project: Pembrokeshire Outdoor Schools | ✓ Action plan priorities for 2020/21 achieved |
| Partnership Project: Roots Pilot Project | ✓ Programme delivered to 5 schools |
| Project Development: First 1000 Days – Pre School aged children | ✓ Funding opportunities explored ✓ Funding secured |

| Performance | 2017/18 Actual | 2018/19 Actual | 2019/20 Target | 2020/21 Target |

| Other Data: Project Evaluations. Making a difference case studies on school grounds work. Impact Maps. | | | | |

Work Stream: Affordable Housing

What we will do

Use planning policies and S106 affordable housing contributions to provide affordable housing.

- ➔ Good quality, affordable homes form the cornerstone of the well-being of individuals, families and communities. Housing is one of the priority areas for the Future Generations Commissioner and Welsh Government in its Prosperity for All: the national strategy. Challenges relating to the delivery of affordable housing within the Park have been considered in the development of the revised Local Development Plan and progress will be monitored annually through Annual Local Development Plan Monitoring Report.

| Performance | 2017/18 Actual | 2018/19 Actual | 2019/20 Target | 2020/21 Target |
|---|----------------|----------------|---|----------------|
| % of housing units approved that are affordable | 14.75% | 45.02% | (See APR and Annual Local Development Plan monitoring report for context) | |
| # affordable housing units approved | 9 | 95 | | |
| Section 106 agreements contributions | £179,187.60 | £53,921 | | |
| Other Data: Annual Planning Performance Report. Local Development Plan Indicators (First report period 2022/23). Making a difference case studies. | | | | |

Impact

People in need in the National Park can access an affordable home with associated well-being benefits.

Well-being Objective Equality: To continue to ensure equality is embedded in the work and culture of the NPA.

Work Stream: Strategic Equality - Our Workforce

What we will do

Begin to increase potential routes into employment for underrepresented groups in our workforce. Review our well-being initiatives and implement activities to address and further analyse our Gender Pay gap.

- ➔ The Authority in 2019/20 has reviewed its equality objectives. It's three objectives on the workplace focus on increasing potential routes into employment for underrepresented groups in our workforce, providing a supportive and inclusive workplace through well-being initiatives, training and associated policies and reducing the Authority's gender pay gap in particular focusing on the experiences of staff in its Lowest Quartile (Lowest Paid).

| Priority Actions/ Projects | Milestones for 2020/21 |
|---|---|
| Ways of Working: Begin review of the Authority's recruitment and selection process to ensure fairness within recruitment processes | ✓ Review initiated |
| Ways of Working: Become a Disability Confident Organisation | ✓ Level 1 achieved |
| Ways of Working: Undertake a review of our well-being activities to further develop our well-being offer and review relevant policies to ensure they reflect best practice | <ul style="list-style-type: none"> ✓ Review undertaken of well-being activities ✓ Review of relevant policies |
| Ways of Working: Source and develop a suite of training for line managers to equip them to manage diverse teams and promote an inclusive culture | ✓ Scoping of training available |
| Ways of Working: Activities to address and further analyse Gender Pay Gap in the Authority | <ul style="list-style-type: none"> ✓ Further analysis of data and engagement with staff ✓ Signed up to EHRC 'Working Forward' |
| Collaboration: Explore with other National Parks, conservation and heritage providers opportunities to develop a scheme to promote job opportunities within the sector to underrepresented groups. | <ul style="list-style-type: none"> ✓ Scoping of potential project ✓ Engagement with potential partners |

Well-being Objective - Equality

| Performance | 2017/18 Actual | 2018/19 Actual | 2019/20 Target | 2020/21 Target |
|---|-------------------|-------------------|-------------------|-------------------|
| % workforce equality monitoring information completed on people management system | 76% | 78.4% | 70% | 70% |
| Other Data: Equality Monitoring Data – Recruitment and workplace. Pay gap analysis. Benchmarking data. | | | | |

Impact

The Authority is working towards achieving its long term aim of having a diverse workforce, being an employer of choice and delivering an inclusive and fair work environment helping support it to deliver its strategic goals.

The diagram consists of a blue arrow pointing right with the text 'NPMP' inside it. To the right of the arrow is a purple rounded rectangle with the text 'Landscapes for Everyone' inside it.

Work Stream: Strategic Equality - Our Services

What we will do

Develop a training plan and provide training and guidance to staff to help them deliver, procure and design accessible and inclusive services. Support our Centres to develop inclusive visitor experiences.

- To be able to deliver inclusive and accessible services staff need to have the necessary awareness, knowledge and skills. Effective induction and training plays a central part in this.
- The Authority needs to ensure that digital tools and services that it uses are compatible with assistive technology, best practice and that the Authority complies with The Public Sector Bodies (Website and Mobile Applications) (No2) Accessibility Regulations.
- The Authority offers great opportunities to access heritage and cultural experiences through its centres. People may face a range of barriers to accessing these sites due to their nature. Sites will continue to look at opportunities to increase access to the experiences they deliver building on work already carried out including provision of mobility scooters, British sign language and dementia awareness training for staff and a quiet hour at Castell Henllys.

Well-being Objective - Equality

| Priority Actions/ Projects | Milestones for 2020/21 |
|--|---|
| Ways of Working: Integrate equality training and awareness into staff induction processes | ✓ Integration of equality training and awareness in induction process |
| Ways of Working: Develop a training plan for all staff and volunteers to be trained on how they can deliver accessible services | ✓ Training plan in place |
| Ways of Working: Corporate Approach developed to Web accessibility regulations compliance | ✓ Guidance and template developed ✓ Training provided and internal promotion carried out |
| Ways of Working: Support centres to engage, join and develop initiatives that support wider access to attractions, heritage and arts opportunities. | ✓ Initiatives developed ✓ Staff training delivered |

| Performance | 2017/18 Actual | 2018/19 Actual | 2019/20 Target | 2020/21 Target |

Impact

The Authority is working towards achieving its long term aim of services being accessible and inclusive by default, ensuring that people have a positive engagement with the Authority and the Park.

NPMP

for
Everyone

Work Stream: Landscapes for Everyone - Social Inclusion

What we will do

Deliver social inclusion work that breaks down barriers to accessing the Park and its benefits, including those relating to rural and child poverty.

- ➔ The Authority will continue to develop and deliver projects and schemes that have a positive benefit for those facing inequalities. Our social inclusion work ranges from the Pathways scheme removing barriers to volunteering,

Well-being Objective - Equality

engagement with Plas Dwbl students at Castell Henllys, supported walking opportunities through Walkability and engagement with young people through the youth rangers scheme and our work with youth clubs. The Authority also continues to work with Pembrokeshire County Council's Team Around the Family to provide beneficial activities for families they are engaged with. An important part of the education work the Authority does is providing outdoor engagement and skills development for children and young people with additional learning needs.

Strategic Partnerships and Engagement contributing to this work stream

Strategic Engagement: Representing Welsh National Parks on the Welsh Government Socio-economic Duty Guidance Group

Strategic Partnership: Development of joint position statement with other Welsh National Parks on social inclusion and child poverty

Impact

The Authority is delivering activities that have a positive benefit for those facing inequalities and using the Park's assets to achieve this. Barriers are removed so that more people are able to help look after the Park and experience its Special Qualities.

Work Stream: Landscapes for Everyone - Inclusive Experiences

What we will do

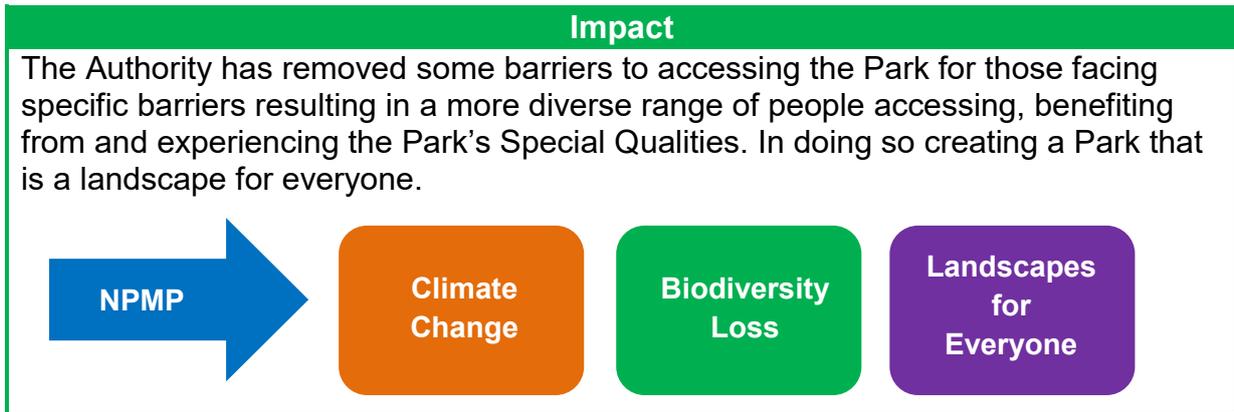

Promote and support landscapes for everyone through the Experience for All project, developing the beach wheelchair scheme and promoting walk for all resources.

- ➔ The Welsh Government in its Valued and Resilient statement highlighted the importance of developing landscapes for everyone and removing barriers to access. The Authority has played an important role in facilitating increased access to the Park, from removing styles, developing wheelchair friendly walks and view points and working with local businesses to host beach wheelchairs. In 2019/20 the Authority will create a more accessible circuit walk at the reed bed in Fresh Water East, improve access at St Non's Chapel and access at Carew.
- ➔ The 'Experiences for All Project.' alongside refreshing the Authority's 'Walks for All' information will work with different user groups to develop a list of priority areas for improvement to inform the Authority's future work in this area. The Equality impact assessment for the National Park Management plan identified a need to take account of equality impacts at project development level for the Plan.

Work Stream: Engagement - Outreach, young people and volunteers

What we will do

Continue to seek opportunities to involve a more diverse range of people in influencing the work of the Authority, particularly through outreach activities, developing mechanisms for young people to influence the work of the Authority and volunteer forum.

- ➔ The Authority’s engagement action plan focuses on three key priority areas of developing an ongoing conversation about the national park management plan, developing mechanisms for young people to influence the work of the Authority and engaging volunteers and service users. The Authority’s engagement action plan group which draws on representatives from across the Authority monitors delivery of the action plan.
- ➔ Outreach engagement as part of the opportunities and challenges consultation development of the National Park Management Plan helped demonstrate the value of outreach work in terms of engaging with wider more diverse audiences. Focusing on evaluating social media campaigns will assist the Authority in better analysing the engagement and impact it has through use of these channels.
- ➔ In 2019/20 the Authority has established a volunteer forum and it will continue to look to develop mechanisms for young people to influence the work of the Authority.

| Priority Actions/ Projects | Milestones for 2020/21 |
|--|---------------------------------------|
| Engagement: Development of a Young People’s Committee/ Forum/ Board | ✓ Committee/ Forum/ Board established |

Well-being Objective - Equality

Engagement: Outreach engagement to inform development of projects to deliver NPMP impacts

✓ Outreach activities undertaken

PNCNPA Internal and Service User Engagement Groups

Internal Engagement: Monitoring of Engagement Action Plan by Engagement Action Plan Group

Service User Engagement: Facilitation of PCNPA Volunteer Forum

Data: Social Media Campaign Data – End of Campaign Reports

Impact

A diverse range of people are able to influence the work of the Authority and decisions that affect the Park area.

Well-being Objective Communities: To encourage communities to become more engaged with the National Park.

Work Stream: Engagement - Ongoing conversation about the National Park Management Plan

What we will do

Deliver outreach engagement that assists communities and stakeholder to engage in an ongoing conversation about the Park and influence projects that deliver Plan impacts. Celebrate the contribution of others to the delivery of the Plan.

- ➔ In December 2019 the Authority’s National Park Management Plan 2020-24 was approved and adopted by the National Park Authority. The plan sets out how the Authority would like to see the National Park managed, not just by the Authority itself, but by the other agencies and organisations whose activities might impact on the Park. Building on the engagement work carried out as part of the development of the plan, the Authority would like to foster a sense of ownership, continued engagement with the plan among communities and stakeholders. Including celebrating the contribution of others to the delivery of the plan.

| Priority Actions/ Projects | Milestones for 2020/21 |
|---|--|
| Ways of Working: Development of materials to explain the plan and for engagement with people in project development. | ✓ Supporting material, including digital material to help explain and promote priorities in the plan developed |
| Ways of Working: Development of action plans for the National Park Management Plan to inform project level delivery. | ✓ Action plans in place for Climate Change, Biodiversity Loss, Heritage - Archaeology |
| Ways of Working: Delivery of activities that celebrate the contribution of others to the delivery of the plan. | ✓ At least one activity carried out to celebrate the contribution of others to the delivery of the plan. |

Impact

The National Park Management Plan is a living document and people are engaged in its delivery.

Work Stream: Community Activities and Projects benefiting the Park and People

What we will do

Promote community resilience through engaging communities with projects, volunteering and social action opportunities in the Park, participating in community stakeholder meetings and using the Park's assets to host opportunities for communities to come together. Celebrate the relationship of communities with the landscape through Coast Path at 50 celebration activities.

- The Authority's Rangers continue to support local communities within and close to the Park through providing local activities and talks, meeting community stakeholders and carrying out small scale local improvements. The Authority's community archaeologist is assisting a range of community groups to engage with local heritage and archaeological opportunities. The Centres continue to hold events throughout the year that help bring communities together such as the St David's Day Dragon Parade or the Doggy Day out at Carew. Facilities within the centres also offer opportunities for groups to meet with Oriol y Parc hosting the local Memory café. While central to delivery of the Stitch in Time Project is getting communities to engage and respond to the issue of invasive species. The Authority's interpretation teams also works with communities to develop interpretation panels. The Authority is exploring with St David's Community Council opportunities to develop a community led light pollution project.
- Activities related to the Coast Path at 50 offer a great opportunity to highlight the community level benefits that the Coast Path brings and an opportunity to celebrate this through a photo Journalist Project capturing 50 people in the landscape.

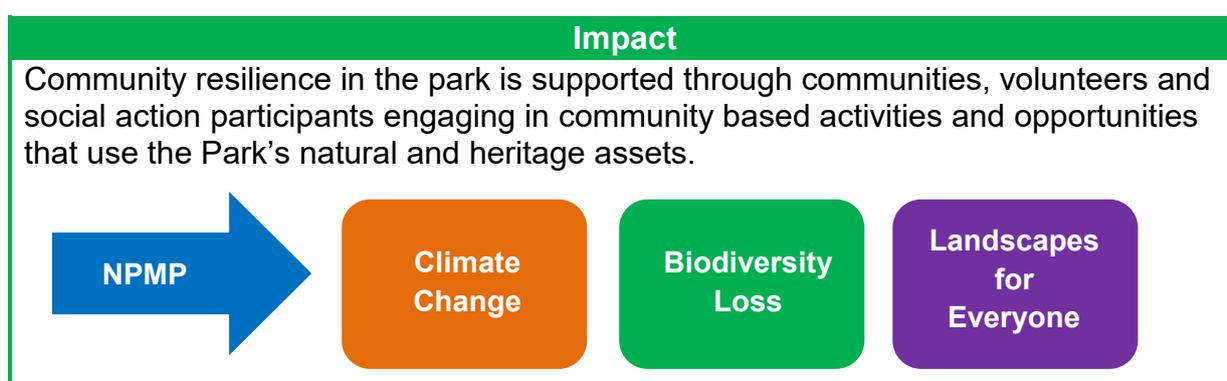

| Priority Actions/ Projects | Milestones for 2020/21 |
|---|--|
| Project Development: Project developed with Community Council addressing light pollution | <ul style="list-style-type: none"> ✓ Project scoped and Developed ✓ Funding Secured |

Work Stream: Sustainable Development Fund

What we will do

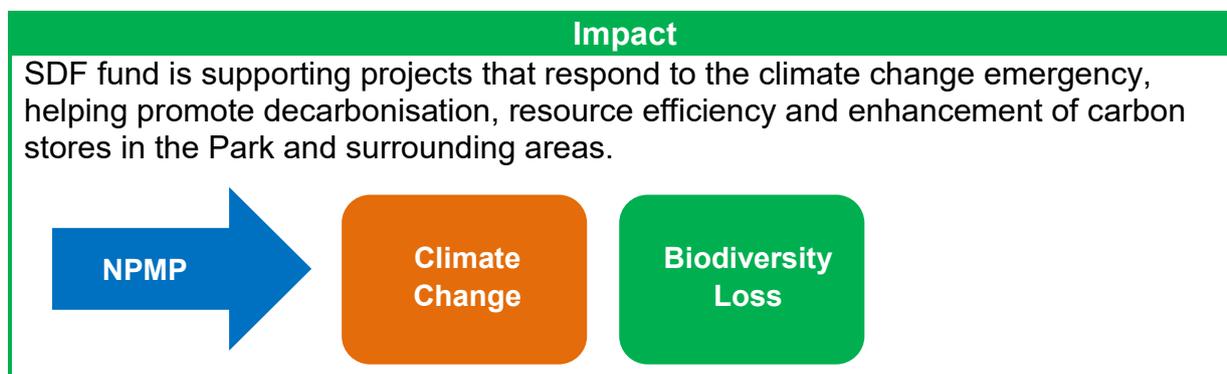

Refocus the Sustainable Development Fund so that it supports people to develop innovative projects focused on responding to the Climate Change Emergency. Work to improve the exposure of the fund and the quality of applications to the fund.

- ➡ The Authority is looking at how it can develop opportunities to work with communities and other stakeholders to develop local and innovative responses to the climate change emergency. During 2020/21 the Authority will look to refocus the Sustainable Development fund for this purpose. In doing so this also provides an opportunity for the Authority to increase awareness about the fund and look at how it can improve the quality and innovative nature of projects seeking funding from it.

| Priority Actions/ Projects | Milestones for 2020/21 |
|--|--|
| Ways of Working: Re alignment of SDF to support projects that are focused on responding to the climate change emergency and increasing exposure and quality of applications (S6). | <ul style="list-style-type: none"> ✓ Fund criteria amended ✓ Application forms refreshed ✓ Marketing and project development support reviewed |

| Other Data: Project Reports and Evaluations. | | | | |

Work Stream: Planning Service - Enforcement and Community Engagement

What we will do

Deliver an effective planning enforcement service with the support of the community and continue to engage with community councils.

- Issues relating to planning enforcement are often community based and an effective planning enforcement service is not possible without the support of communities within the Park. Due to job vacancies in the development management department in 2019/20 the Authority has not been able to progress its planned focused project on monitoring activities in terms of agricultural holdings and holiday lets. This project will be progressed in 2020/21.
- The Authority continues to provide a planning surgery and will continue to work with the Planning Officer Society of Wales in terms of its planning service customer surveys.

| Priority Actions/ Projects | Milestones for 2020/21 |
|--|-------------------------------|
| Project: Enforcement Project on Agricultural and holiday lets | - Engagement work carried out |

| Performance | 2017/18 Actual | 2018/19 Actual | 2019/20 Target | 2020/21 Target |
|--|----------------|----------------|--------------------|--------------------|
| % of enforcement cases investigated (within 84 days) | 60.12% | 80.47% | BM against 2018/19 | BM against 2019/20 |
| Average time taken to investigate | 234 | 160.5 | | |

Well-being Objective: Communities

| | | | | |
|--|-------|-------|--|--|
| enforcement cases in days | 334.5 | 344.5 | | |
| Average time taken to take enforcement action in days | | | | |
| # retrospective planning applications registered | N/A | 28 | | |
| Data Note: Authority undertook an exercise in 2018/19 to clear its backlog of historic enforcement cases which impacted on figures for the average time taken to take enforcement action in days. | | | | |
| Other Data: Annual Planning Report. POSW Survey | | | | |

Impact

Effective planning enforcement service is in place, supported by communities. Better monitoring of agricultural dwellings and holiday let occupancy. Planning services are delivering good customer service and have developed positive relationships with communities in the Park.

The diagram illustrates the impact of the NPMP. A blue arrow labeled 'NPMP' points to three colored boxes: an orange box for 'Climate Change', a green box for 'Biodiversity Loss', and a purple box for 'Landscapes for Everyone'.

Well-being Objective Culture: To protect and promote the local culture of language, arts and heritage of the area.

Work Stream: Historic Inspiration and Experience

What we will do

Promote the Park's historic culture and environment through Carew Castle and Castell Henllys and the Authority's schools programme, interpretation work, events and activities.

- ➔ Our centres at Castell Henllys and Carew Castle and Mill bring the history and heritage of the area alive for people living locally and further afield. In 2019/20 work has been undertaken to improve the offer at both sites with the development of a walled garden at Carew and the rebuilding of the second round house at Castell Henllys. Both Centres have developed business plans in 2019/20 which will help both sites implement actions to deliver an excellent visitor experience and increase their reach.

| Priority Actions/ Projects | Milestones for 2020/21 |
|--|--|
| Ways of Working: Activities to support implementation of business plan at Carew | ✓ Progress is being made against actions identified in Carew's business plan |
| Ways of Working: Activities to support implementation of business plan at Castell Henllys | ✓ Progress is being made against actions identified in Carew's business plan |
| Project: Carew Castle – Exhibition room and other interpretation | ✓ Interpretation work complete |

| Performance | 2017/18 Actual | 2018/19 Actual | 2019/20 Target | 2020/21 Target |

| Carew - # people engaged with through education programme | 1,795 | 2,103 | against | against |

Other Data: Visitor Survey. Events and School Feedback. Making a difference case studies.

Impact

People have a positive visitor experience at Carew and Castell Henllys as our historic centres. Visitors, residents and school children have increased appreciation, understanding and knowledge of history of the area.

The diagram consists of a blue arrow pointing right with the text 'NPMP' inside it. To the right of the arrow is a purple rounded rectangle with the text 'Landscapes for Everyone' inside it.

Work Stream: Art Inspiration and Engagement

What we will do

Engage people with the works of art on display at Oriel Y Parc and continue to support its artist in residence scheme.

- ➔ The Authority and Amgueddfa Cymru - National Museum Wales have continued to work closely on curating exhibitions at Oriel y Parc. Including the popular Stones and Bones exhibition that opened in May 2019 and the Wriggle exhibition running from January to June exploring the wonderful world of worms. This year the centre will pilot delivering an education programme tied to the Wriggle exhibition delivered by centre staff. The centre will also be opening up opportunities for children to be engaged in arts and crafts through setting up a Wednesday Arts and Craft Club during school holidays. Oriel y Parc will continue to deliver its popular artist in residence scheme.

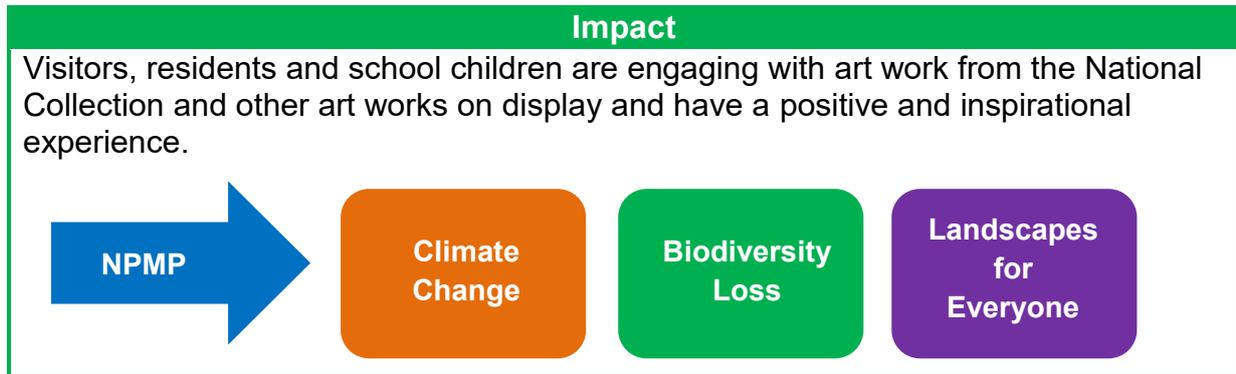

| Priority Actions/ Projects | Milestones for 2020/21 |
|--|---|
| Ways of Working: OYP delivering an education programme linked to Wriggle Exhibition | ✓ Education programme sessions delivered by OYP staff piloted |

Strategic Partnerships and Engagement contributing to this work stream

Strategic Engagement: Continued partnership curation of exhibitions and liaison with Amgueddfa Cymru – National Museum Wales.

Other Data: Exhibition evaluations. Visitor Survey. Events and School Feedback. Making a difference case studies.

Work Stream: Historic Environment - Historic Buildings and Community Archaeology

What we will do

Advise owners of historic building and sites and support community groups and schools in the Park to restore historic sites of interest.

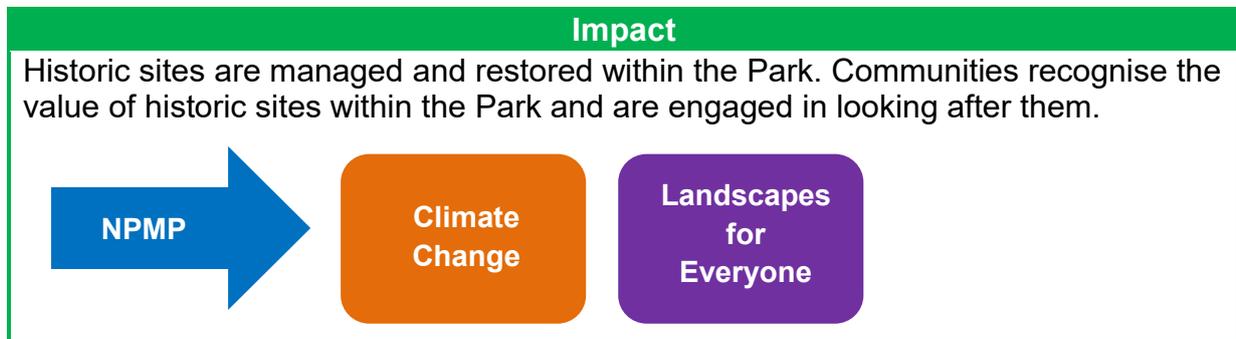

- ➔ The Authority continues to advise owners of historic buildings and sites on management through its Building Conservation Officer.
- ➔ The Authority's Community Archaeologist has continued to engage with local primary schools within the National Park through the Heritage Guardian Scheme. Through the project primary schools are encouraged and supported to 'adopt' a local heritage monument where they can help improve the appearance, access, awareness, monitoring and interpretation of the site.

| Priority Actions/ Projects | Milestones for 2020/21 |
|---|--|
| Project: Heritage Guardians school project | ✓ Deliver Heritage Guardian programme to 3 schools |
| Project Development: Develop and deliver Community Archaeology Projects | ✓ Development and delivery of new archaeology projects with communities |
| Engagement: Research and Excavation partnerships in the Park – Community Archaeology | ✓ Connections made ✓ Involvement and support for joint activities in the Park |

| Performance | 2017/18 Actual | 2018/19 Actual | 2019/20 Target | 2020/21 Target |

Work Stream: Heritage Partnership and Collaboration

What we will do

Further develop partnership working opportunities and relationships between the centres, with others organisations and stakeholders within the heritage, arts and cultural sector.

- ➔ The Authority continues to be engaged in the Heritage Watch collaboration with Dyfed Powys Police and Cadw which aims to respond to the issue of heritage crime. The Authority is also involved in the Pembrokeshire Inspired Cultural project which aims to increase collaboration and develop entrepreneurial skills to build resilience for creative arts providers in Pembrokeshire.
- ➔ The Rediscovering Ancient Connections grant funded partnership project is delivering a three-year programme of heritage, culture, arts and community-based activity with the aim of increasing overseas visits to North West Pembrokeshire and County Wexford, Ireland.
- ➔ The three Centres in the National Park are also exploring opportunities to develop linked themed events to help engage audiences with events across the three sites. This is being piloted through Travelling through time events being held at each of the sites.

| Priority Actions/ Projects | Milestones for 2020/21 |
|--|---|
| Ways of Working: Piloting joint themed events across three sites: Travelling through Time | <ul style="list-style-type: none"> ✓ Marketing and holding of event ✓ Review of whether approach was successful |

Well-being Objective: Culture

| | |

| | |
|---|--|
| Strategic Partnerships and Engagement contributing to this work stream | |
| Strategic Partnership: Involvement with Inspire Pembrokeshire | |
| Strategic Partnership: Delivery of Heritage Watch Scheme with Dyfed Powys Police and Cadw. | |

Impact

Through Heritage Watch communities and visitors have the knowledge to prevent damage to heritage sites happening. Activities through partnership working help engage new audiences with heritage and arts based activities in the Park and further develop the offer available.

The diagram features a blue arrow pointing right with the text 'NPMP' inside. To the right of the arrow are two rounded rectangular boxes: an orange one containing 'Climate Change' and a purple one containing 'Landscapes for Everyone'.

Work Stream: Welsh Language Strategy

| |
|--|
| What we will do |
| Continue to engage with Welsh speaking customers and participants and develop Castell Henllys as a Welsh Language hub. Encourage staff to learn and speak Welsh in work and develop a staff mentoring scheme to facilitate this. |

- ➔ The Welsh Language strategy supports the delivery of actions that promote the Welsh Language across projects and services provided by the Authority. The Authority has seen the benefit of having bilingual staff delivering community engagement work that in 2018/19 increased the number of interactions, events and activities the Authority provided through the medium of Welsh.
- ➔ Castell Henllys has been working with Menter Iaith to engage visitors with the Welsh language and to provide them with opportunities to use what they learn with staff, at the shop and in the café. The Authority will further support Castell Henllys to develop opportunities that can help it become a Welsh Language hub.
- ➔ The Authority will in line with its Welsh Language Strategy look to increase staff knowledge and confidence in speaking Welsh through the promotion of Work Welsh online course and the development of a Welsh language staff mentoring scheme.

| | |
|--|---|
| Priority Actions/ Projects | Milestones for 2020/21 |
| Project: Developing Castell Henllys as a Welsh Language Hub | <ul style="list-style-type: none"> ✓ Activities delivered in sport of this ✓ Scoping of further opportunities |

Well-being Objective: Culture

| | |
|--|--|
| Ways of Working: Development of Welsh Language Staff Mentoring Scheme | ✓ Trial scheme delivered informed by staff reps and wider staff engagement |
|--|--|

| Performance | 2017/18 Actual | 2018/19 Actual | 2019/20 Target | 2020/21 Target |

| # participants in school sessions delivered in Welsh | 1,433 | 2,713 | | |

Other Data: Making a difference case studies. Visitor and Schools Feedback. Complaints.

Impact

More school children, visitors and others experience engagement with the National Park through the medium of Welsh. People's Welsh Language skills develop through opportunities provided by the Authority.

Landscapes
for
Everyone

The Cook House at Castell Henllys

Well-being Objective Global: To ensure our work makes a positive contribution to global well-being.

Work Stream: Responding to the Climate Change Emergency

What we will do

Promote a carbon neutral and resource efficiency approach in our work and within the Park, including Greening our Fleet and supporting sustainable transport within the Park. Develop projects that can help enhance the Park's carbon stores at scale. Work with other to respond to climate change risks.

- ➔ The Welsh Government has a target for the Welsh public sector to be carbon neutral by 2030 and its Valued and Resilient Statement highlighted green energy and decarbonisation as one of the priority areas for National Park Authorities. In December 2019 the Welsh Government published a new climate adaptation plan for Wales, Prosperity for All: A Climate Conscious Wales. A Carbon Neutral Pembrokeshire is one of the Pembrokeshire Well-being Plan's priority projects. NRW 2019 Interim report on the State of Natural Resources highlights the interconnected nature of the global challenges of climate change and biodiversity loss.
- ➔ Responding to the climate emergency is a key priority area identified by staff, with members of the staff reps forum meeting with Authority Members to discuss the issue during 2019/20. Following this a report on what the Authority is currently doing to respond to climate change was presented to the National Park Authority. To further our impact in this area a Climate Change Action plan is being developed which forms one of the actions plans for the National Park Management Plan adopted in December 2019.
- ➔ Activities across other work streams and objectives including conservation land management and biodiversity and connectivity projects will contribute to our response to the climate change emergency.

| Priority Actions/ Projects | Milestones for 2020/21 |
|---|--|
| Ways of Working: Adoption and Monitoring of Climate Change Action Plan (S6) | ✓ Adoption of Climate Change Action Plan |
| Ways of Working: Create Environmental Management Recording System aligned to WG Methodology (S6) | <ul style="list-style-type: none"> ✓ Scoping of system requirements ✓ Development of system ✓ Records being updated on system |
| Ways of Working: Continuation of Centres achieving Green Key Awards | ✓ Green Key Award continues to be achieved across sites |

Strategic Partnerships and Engagement contributing to this work stream

Strategic Engagement: Continued involvement with Pembrokeshire Energy Forum (S6)

Strategic Engagement: Continued involvement with Pembrokeshire Service Board's Environmental and Climate Change Risk Assessment for Pembrokeshire (S6)

Strategic Partnership: Continued Financial support for Coastal Bus Service (via Greenways Partnership) (S6)

| Performance | 2017/18 Actual | 2018/19 Actual | 2019/20 Target | 2020/21 Target |
|---|----------------|----------------|---------------------------|----------------|
| Annual carbon emissions Kg | 946,712 | 898,479 | BM against 2018/19 | TBC |
| % Authority vehicles that are hybrid/ electric | N/A | N/A | Baseline data | Trend |
| # new electric vehicle charging points completed | N/A | N/A | Baseline data | Trend |
| KW renewable energy produced from Authority PV panels | 27,253 | 26,736 | Trend | Trend |
| Data Note: The Authority will realign its carbon calculation methodology and associated targets with the Welsh Government's methodology once released. | | | | |
| Other Data: Impact Maps. | | | | |

Impact

The Authority is reducing its carbon emissions and achieving resource efficiency. Projects developed are helping to enhance the Park's carbon store at scale while also helping to respond to the connected challenge of biodiversity loss. The Authority is contributing to the local, national and international response to the climate change emergency.

Work Stream: Special Qualities - Inspiration & Education

What we will do

Provide opportunities for school pupils, communities and visitors to discover, engage and learn about the Special Qualities of the Park through activities, interpretation and citizen science opportunities. Align our education programme with the new national curriculum for Wales so that children can continue to benefit from learning opportunities within the Park.

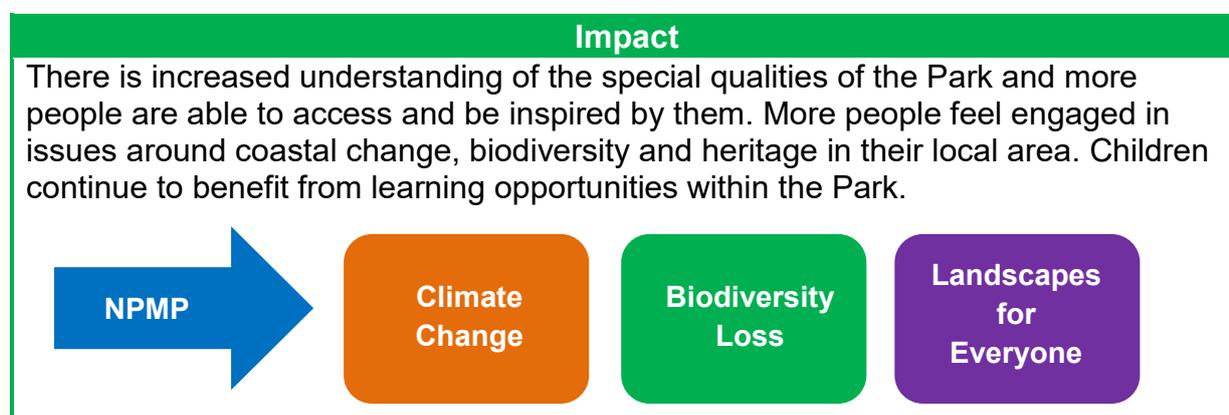

- The Authority continues to provide opportunities for people of all ages to discover, engage and learn about the Special Qualities of National Parks through our events and activities programme and interpretation and education offer. The walled garden at Carew developed in 2019/20 provides an opportunity to engage more people with dark sky related activities. Alongside these opportunities the Authority is engaging school pupils, communities and visitors to monitor changes in the Park. The Changing Coast project continues to attract photo submissions of coastal change from the public and the Authority will continue to work with partners to promote citizen science opportunities.
- The Authority is currently reviewing its education offer to ensure it is responsive to and aligns with “Successful Futures” the new Welsh Curriculum which will be available in 2020 and used across Wales by 2022. Aligning our education programme with the new national curriculum for Wales is vital if the Authority wishes to continue to ensure that children benefit from and access learning opportunities within the Park. In 2019/20 the Authority has been piloting sessions with a number of local schools, this work will continue into 2020/21 with a new education programme developed in partnership with teams providing education offers across the Authority.

| Priority Actions/ Projects | Milestones for 2020/21 |
|--|--|
| Ways of Working: Realignment of education offer with the New Curriculum | <ul style="list-style-type: none"> ✓ Developing sessions linked to the New Curriculum across teams ✓ New flexible programme in place ✓ Annual educators workshop held |

Well-being Objective: Global

Data Note: Event and Schools Feedback. Making a difference case studies.

Governance, Financial Sustainability, Workforce Resilience and Development

Governance within the Authority

The National Park Authority meets at least six times each year to consider policy matters and make decisions on items not delegated to the Chief Executive. The National Park Authority determines the budget each February. Development Management Committee is programmed to meet every six weeks to determine planning applications. Operational performance is reported quarterly to the Operational Review Committee and finance and audit performance is reported quarterly to the Audit and Corporate Services Review Committee. Both review committees can recommend the need for further action to the full Authority. In addition fortnightly Senior Management and monthly Leadership Team meetings review performance. The Standards Committee assists Members of the Authority, to observe the Code of Conduct for members of local authorities in Wales and to arrange for advice and training to be provided.

Following a mid-term review the performance planning cycle re-commences to prepare the budget and corporate priorities for the following year with a series of workshops attended by Members.

Work Stream: Long Term Planning and Project Prioritisation

What we will do

Carry out activities to support corporate and financial long term planning. Monitoring and responding to legislative, policy and operational impacts and opportunities post withdrawal from EU.

- ➔ The Authority recognises that it needs to carry out further activities to support corporate and financial long term planning, including engaging Members in this process. The adoption of the new National Park Management Plan provides an opportunity for the Authority to reassess its priorities and direction of travel and its Well-being Objectives.

| Priority Actions/ Projects | Milestones for 2020/21 |
|--|---|
| Ways of Working: Commence review of Authority priorities and well-being objectives. | <ul style="list-style-type: none"> ✓ Scoping of review ✓ Review initiated ✓ Involvement of Members |
| Ways of Working: Carew Causeway 5 year plan. | <ul style="list-style-type: none"> ✓ Continued progress against plan |
| Ways of Working: Carbon Impact embedded into project proposals. (S6) | <ul style="list-style-type: none"> ✓ Project proposals include carbon impact |

Strategic Partnerships and Engagement contributing to this work stream

Strategic Engagement: Monitoring and Responding to legislative, policy and operational impacts and opportunities post withdrawal from EU.

Impact

A clear prioritised direction of travel is set, ensuring the Authority makes progress and contributes to the Welsh Well-being Goals, National Park Management Plan policies, Pembrokeshire Well-being Plan and wider challenges in terms of responding to climate change and biodiversity loss.

Work Stream: Fundraising and Income Generation

What we will do

Generate funding from alternative sources and support Pembrokeshire Coast National Park Charitable Trust in its activities.

- ➔ Due to the current climate of restricted resources the Authority recognises the need to identify and generate funding from alternative sources. In 2017/18 the Authority recruited an External Funding Manager to assist in identifying and pursuing these opportunities and has facilitated the establishment of a Charitable Trust. The Authority will be piloting cashless donations at Oriel y Parc.

Strategic Partnerships and Engagement contributing to this work stream

Strategic Engagement: Providing continued support to Pembrokeshire Coast National Park Charitable Trust.

| Performance | 2017/18 Actual | 2018/19 Actual | 2019/20 Target | 2020/21 Target |
|---|----------------|-------------------------------|--------------------|--------------------|
| £ from sponser a gate scheme | N/A | N/A | £6,000 | £6,000 |
| £ from cashless donation pilot Oriel Y Parc | N/A | N/A | N/A | Baseline data |
| £ Centres Merchandise | £243, 080 | £235,528 | BM against 2018/19 | BM against 2019/20 |
| £ Admissions Carew & Castell Henllys | £226,558 | £204,552 | | |

| £ Cafe Rental Income – Castell Henllys and Oriel Y Parc | N/A | £25,541 | | |
| £ Carew Cafe Sales Income | N/A | £50,580 (Opened in July 2018) | | |

Other Data: Budget Reports. Funding progress reports for prioritised projects.

Impact

Organisation is financially sustainable in the long term enabling it to achieve its well-being objectives and contribute to the delivery of the National Park Management

Plan and Pembrokeshire Well-being Plan and wider challenges in terms of responding to climate change and biodiversity loss.

Work Stream: Workforce Resilience and Development

What we will do

Review current HR practices and develop a people plan to support workforce resilience and development. Ensure effective mechanisms are in place to prevent and respond to health and safety incidents.

- ➔ Through reviewing current practices and engaging with staff including through a staff survey the Authority will look to develop a People Plan to provide a framework to drive workforce development across the organisation. The Authority will continue to identify opportunities to improve its processes and practices in terms of monitoring and responding to health and safety incidents and supporting the health and well-being of its workforce.

| Priority Actions/ Projects | Milestones for 2020/21 |
|---|--|
| Ways of Working: Development of People Plan | <ul style="list-style-type: none"> ✓ Review of current practices and Employee Survey ✓ People Plan developed |
| Ways of Working: Digitise Health and Safety Reporting | <ul style="list-style-type: none"> ✓ Digitised reporting process in place |

| Performance | 2017/18 Actual | 2018/19 Actual | 2019/20 Target | 2020/21 Target |

| # safeguarding | 0 | 0 | | |

Other Data: Benchmarking data. Feedback from Health and Safety Executive.

Impact

The Authority has an empowered and resilient workforce with the necessary skills and motivation to deliver its wider strategic goals and impacts.

Work Stream: Improving how we work - Digital Approaches

What we will do

Continue with the Authority's digital transformation work, with a focus this year on further digitising planning services and implementing office 2016 across the Authority, a new HR system and performance management system.

- ➔ In 2019/20 the Authority began a process of reviewing processes across teams and the organisation to identify opportunities for interventions that could improve ways of working. The digital transformation project has reviewed the countryside management, community and visitor services and will look in 2020/21 at opportunities to further digitise aspects of the planning service. Alongside this the planning service will be looking to digitise its historic records.
- ➔ 2020/21 will be a big year for implementing key IT infrastructure changes across the Authority which will offer new opportunities to improve how the Authority works.

| Priority Actions/ Projects | Milestones for 2020/21 |
|---|--|
| Ways of Working: Digital Transformation Programme | <ul style="list-style-type: none"> ✓ Review and recommendations for Development Management Service ✓ Historic planning records digitised |
| Ways of Working: Implementing switch to Office 2016 across the Authority | <ul style="list-style-type: none"> ✓ Desktop switch ✓ Upgrade of infrastructure ✓ Upgrade of Outlook/ Share Point |
| Ways of Working: Replacement of HR System | <ul style="list-style-type: none"> ✓ Procurement of system ✓ Training of staff |
| Ways of Working: Replacement of Performance Management System | <ul style="list-style-type: none"> ✓ Scoping and procurement of system ✓ Commence training of staff |

Impact

The Authority's ways of working make it easier for staff to deliver wider strategic goals and impacts and deliver effective services to the public or employees in a HR context.

Work Stream: Members Development

What we will do

Continue to assist Members Committee on Skills Development and support their activities in relation to the Members Charter.

- ➔ The Authority remains committed to supporting Members in their role and in work Members are carrying out through the Members Development Committee. The Authority will be looking to achieve the Advanced Members Charter in 2020/21

and will continue to provide a range of workshops and training to support Member development.

| Priority Actions/ Projects | Milestones for 2020/21 |
|---|-------------------------------------|
| Ways of Working: Support for Members Development Committee and Members Charter | ✓ Advanced Members Charter achieved |

| Performance | 2017/18 Actual | 2018/19 Actual | 2019/20 Target | 2020/21 Target |
|-----------------------------------|------------------|------------------|----------------|----------------|
| % Members attendance at committee | 78.88 (Green) | 80.21 (Green) | 75 | 75 |
| % Members attendance at training | 63.78 (Amber) | 68.69 (Green) | 65 | 65 |

| Impact |
|---|
| Members have the skills necessary and are empowered to assist the Authority to deliver and achieve its wider strategic goals and impacts. |

Work Stream: Corporate Compliance and Standards

| What we will do |
|---|
| Respond to recommendations from Wales Audit Office and Internal Audit. Improve how we communicate corporate policies to staff, integrate compliance into practice and promote delivery of high standard of customer care. |

- The Authority will use feedback from the Wales Audit Office field work activity to ensure that the five ways of working under the Well-being of Future Generations Act are integrated in how it operates. Internal Audit remains an effective method for the Authority to review its practices and implement improvements.
- Work has commenced on improving communication of corporate policies, compliance issues and standards in 2019/20 and the Authority will be looking at further developing this work in 2020/21.

| Priority Actions/ Projects | Milestones for 2020/21 |
|--|--|
| Ways of Working: Respond to WAO recommendations – 5 Ways of Working | ✓ Change in practice or approach informed by Wales Audit Office recommendations |
| Ways of Working: Respond to Internal Audit Recommendations | ✓ Business Continuity Plan in place ✓ Change in practice or approach informed by Internal Audit recommendations |
| Ways of Working: Further develop corporate approach to data protection compliance | ✓ Further guidance in place to support staff ✓ Internal communication activities |

| | |
|--|--|
| Ways of Working: Communication of Corporate policies and Standards | ✓ Improvement in how policies displayed on share point system |
| Ways of Working: Review of the Authority's induction process and development of programme of customer and visitor services training | <ul style="list-style-type: none"> ✓ Review of induction process ✓ New induction programme in place ✓ Scoping of programme of customer and visitor service standards training |
